STATESMAN

1969

PROLOGUE

Rod McKuen has charisma. Husky voiced and disarmingly casual, McKuen turns intensely personal moments into song and poetry, using simple, direct language to involve his audience. He hits them where they live with songs such as "If You Go Away," and leaves pet lovers wet-eyed when he mourns his lost cat, "Sloopy."

Charisma is essentially a matter of style.

Hayakawa has charisma. Caesar Chavez has it. So have Picasso, Eugene McCarthy and Bobby Gentry.

John F. Kennedy had Charisma. Pope John XXIII, Robert Kennedy and Martin Luther King had it.

What do these different personalities have in common? Not much on the face of things. But all are, in their special way, Charismatic-magnetically attractive, inspiring a response that depends not on any one quality or on particular actions or views, but on total effect.

The charismatic figure attracts attention because of marginal differentialtion . . . because of "style."

Humor is important! Sincerity is vital!

Knowing how to handle what you've got--that's style . . . And if charisma is a matter of style, the thing at SSC is the cool style--hanging loose. Like Doug Ross.

Cool students care very much about the things they're involved in. Involvement is respected if it is not concerned with making an effect on others, but soley with doing what one wants to do.

The charismatic college student is the girl or guy whose casual, off-hand manner covers a sensitive awareness and a warm heart.

Charisma is a special quality of personal magnetism or spiritual power that draws wide popular enthusiasm and gives a leader influence over great numbers of people.

1969 STATESMAN has charisma.

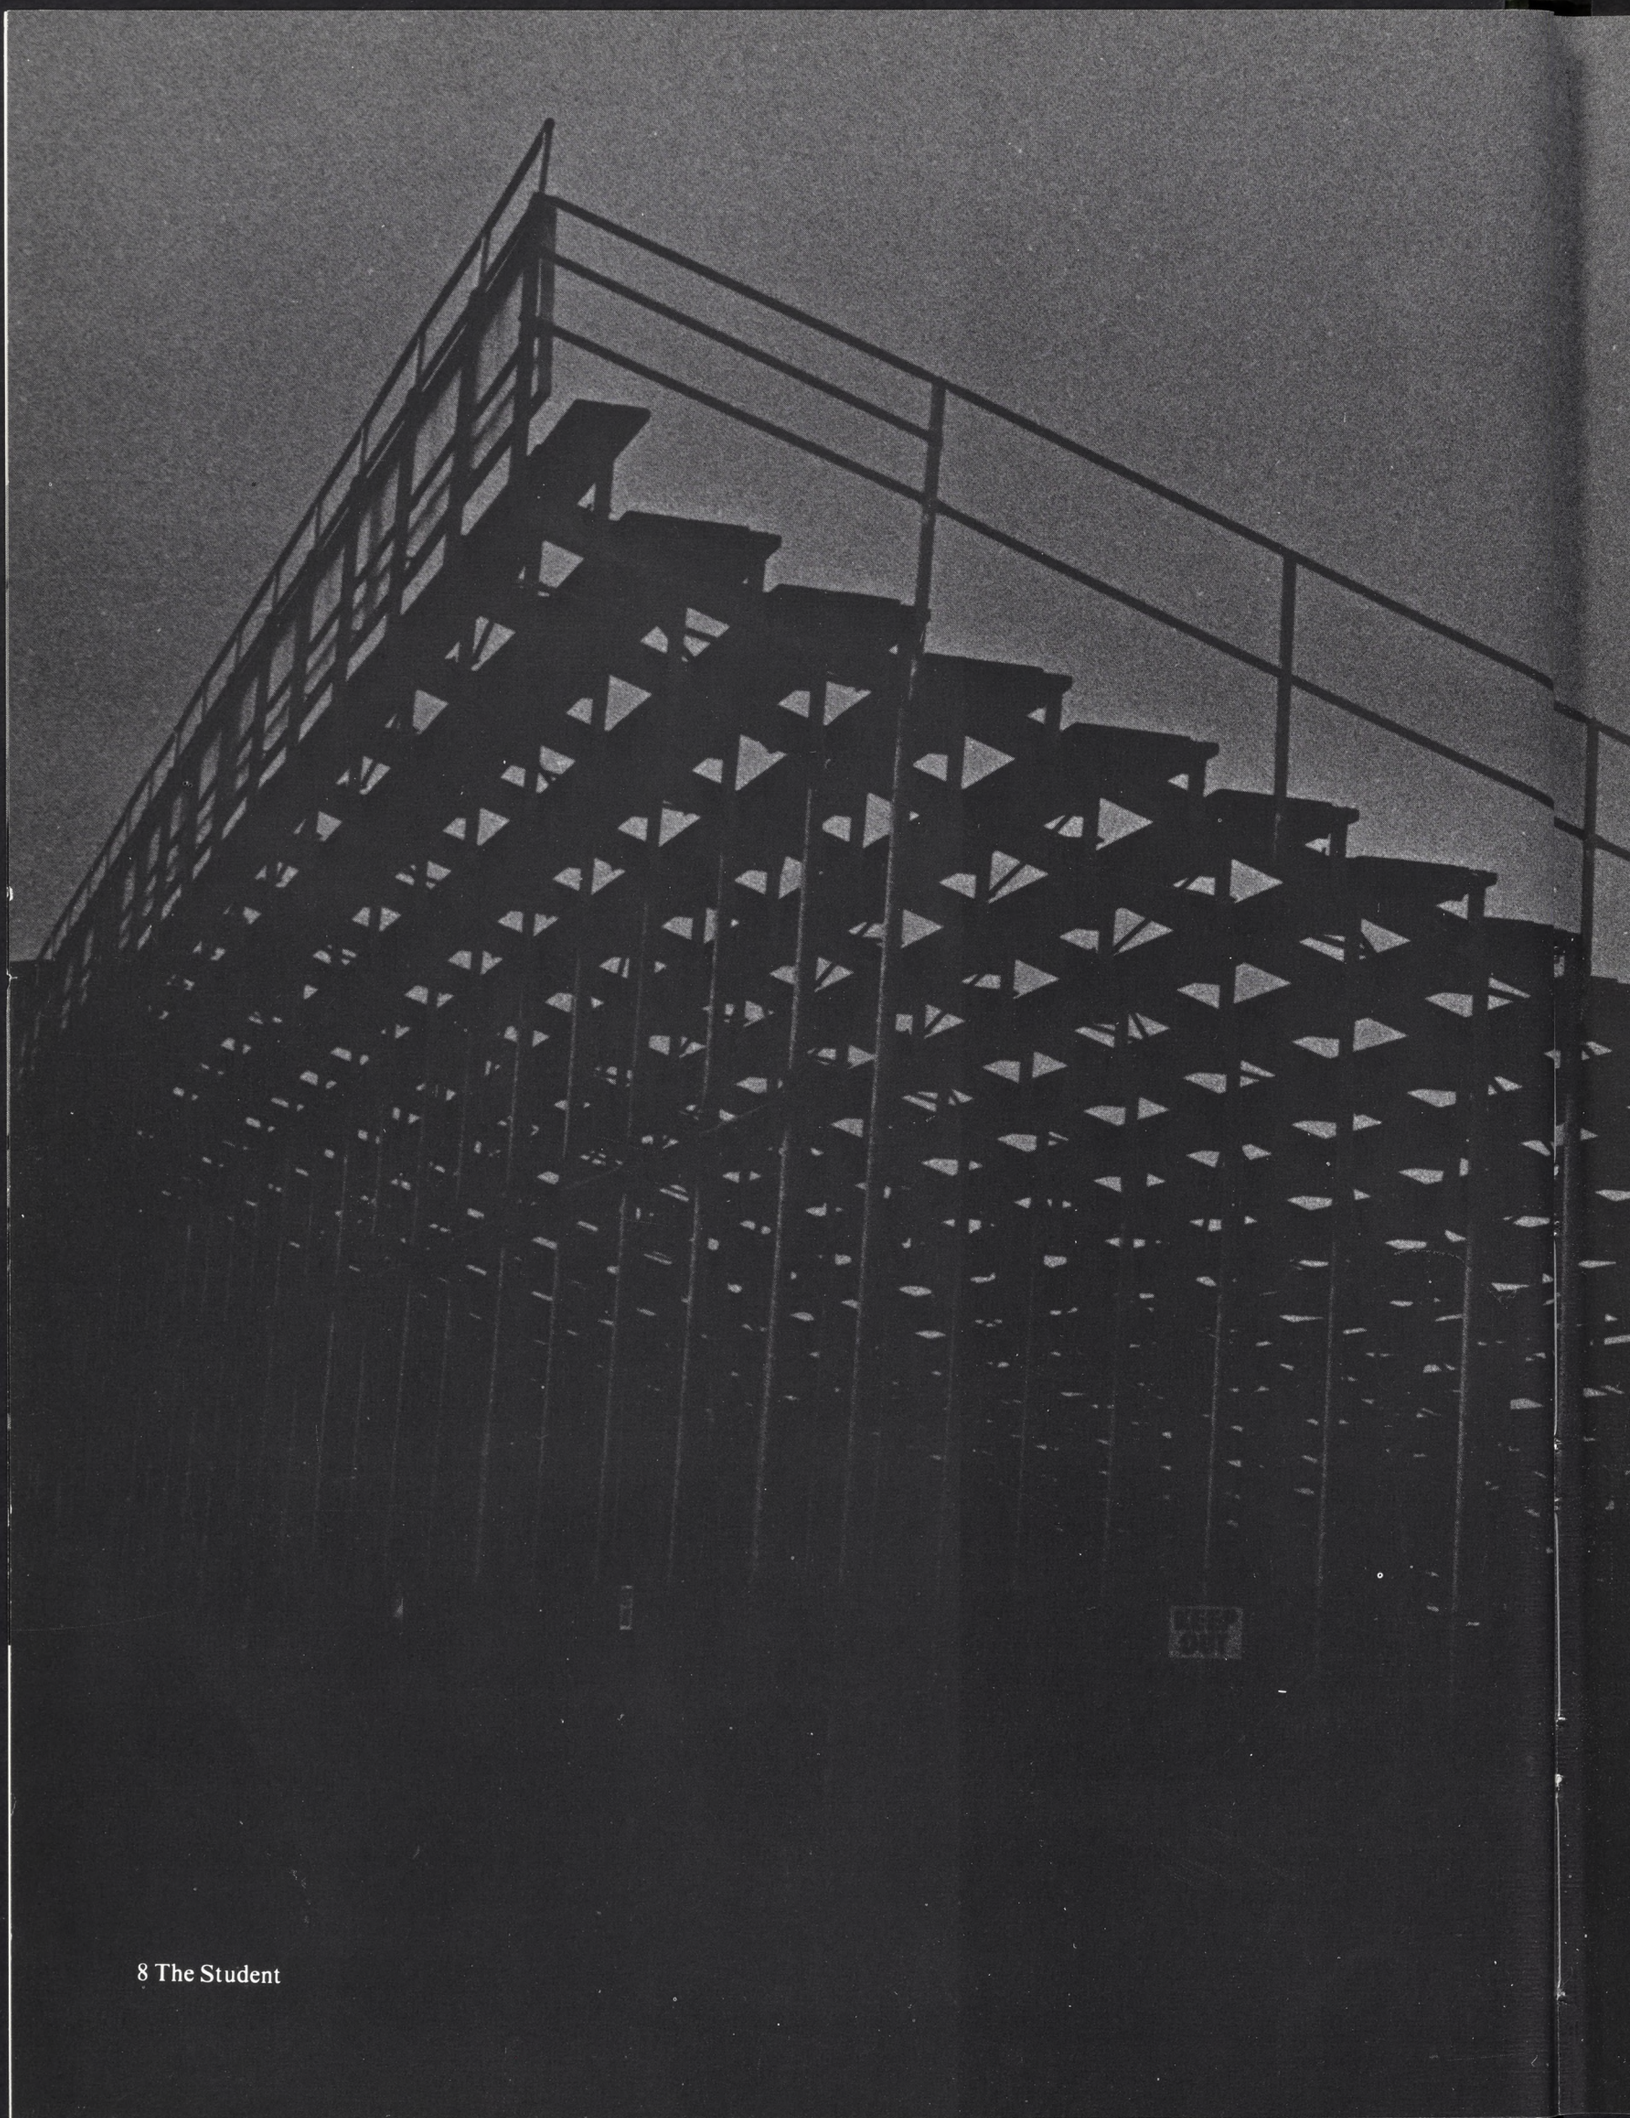
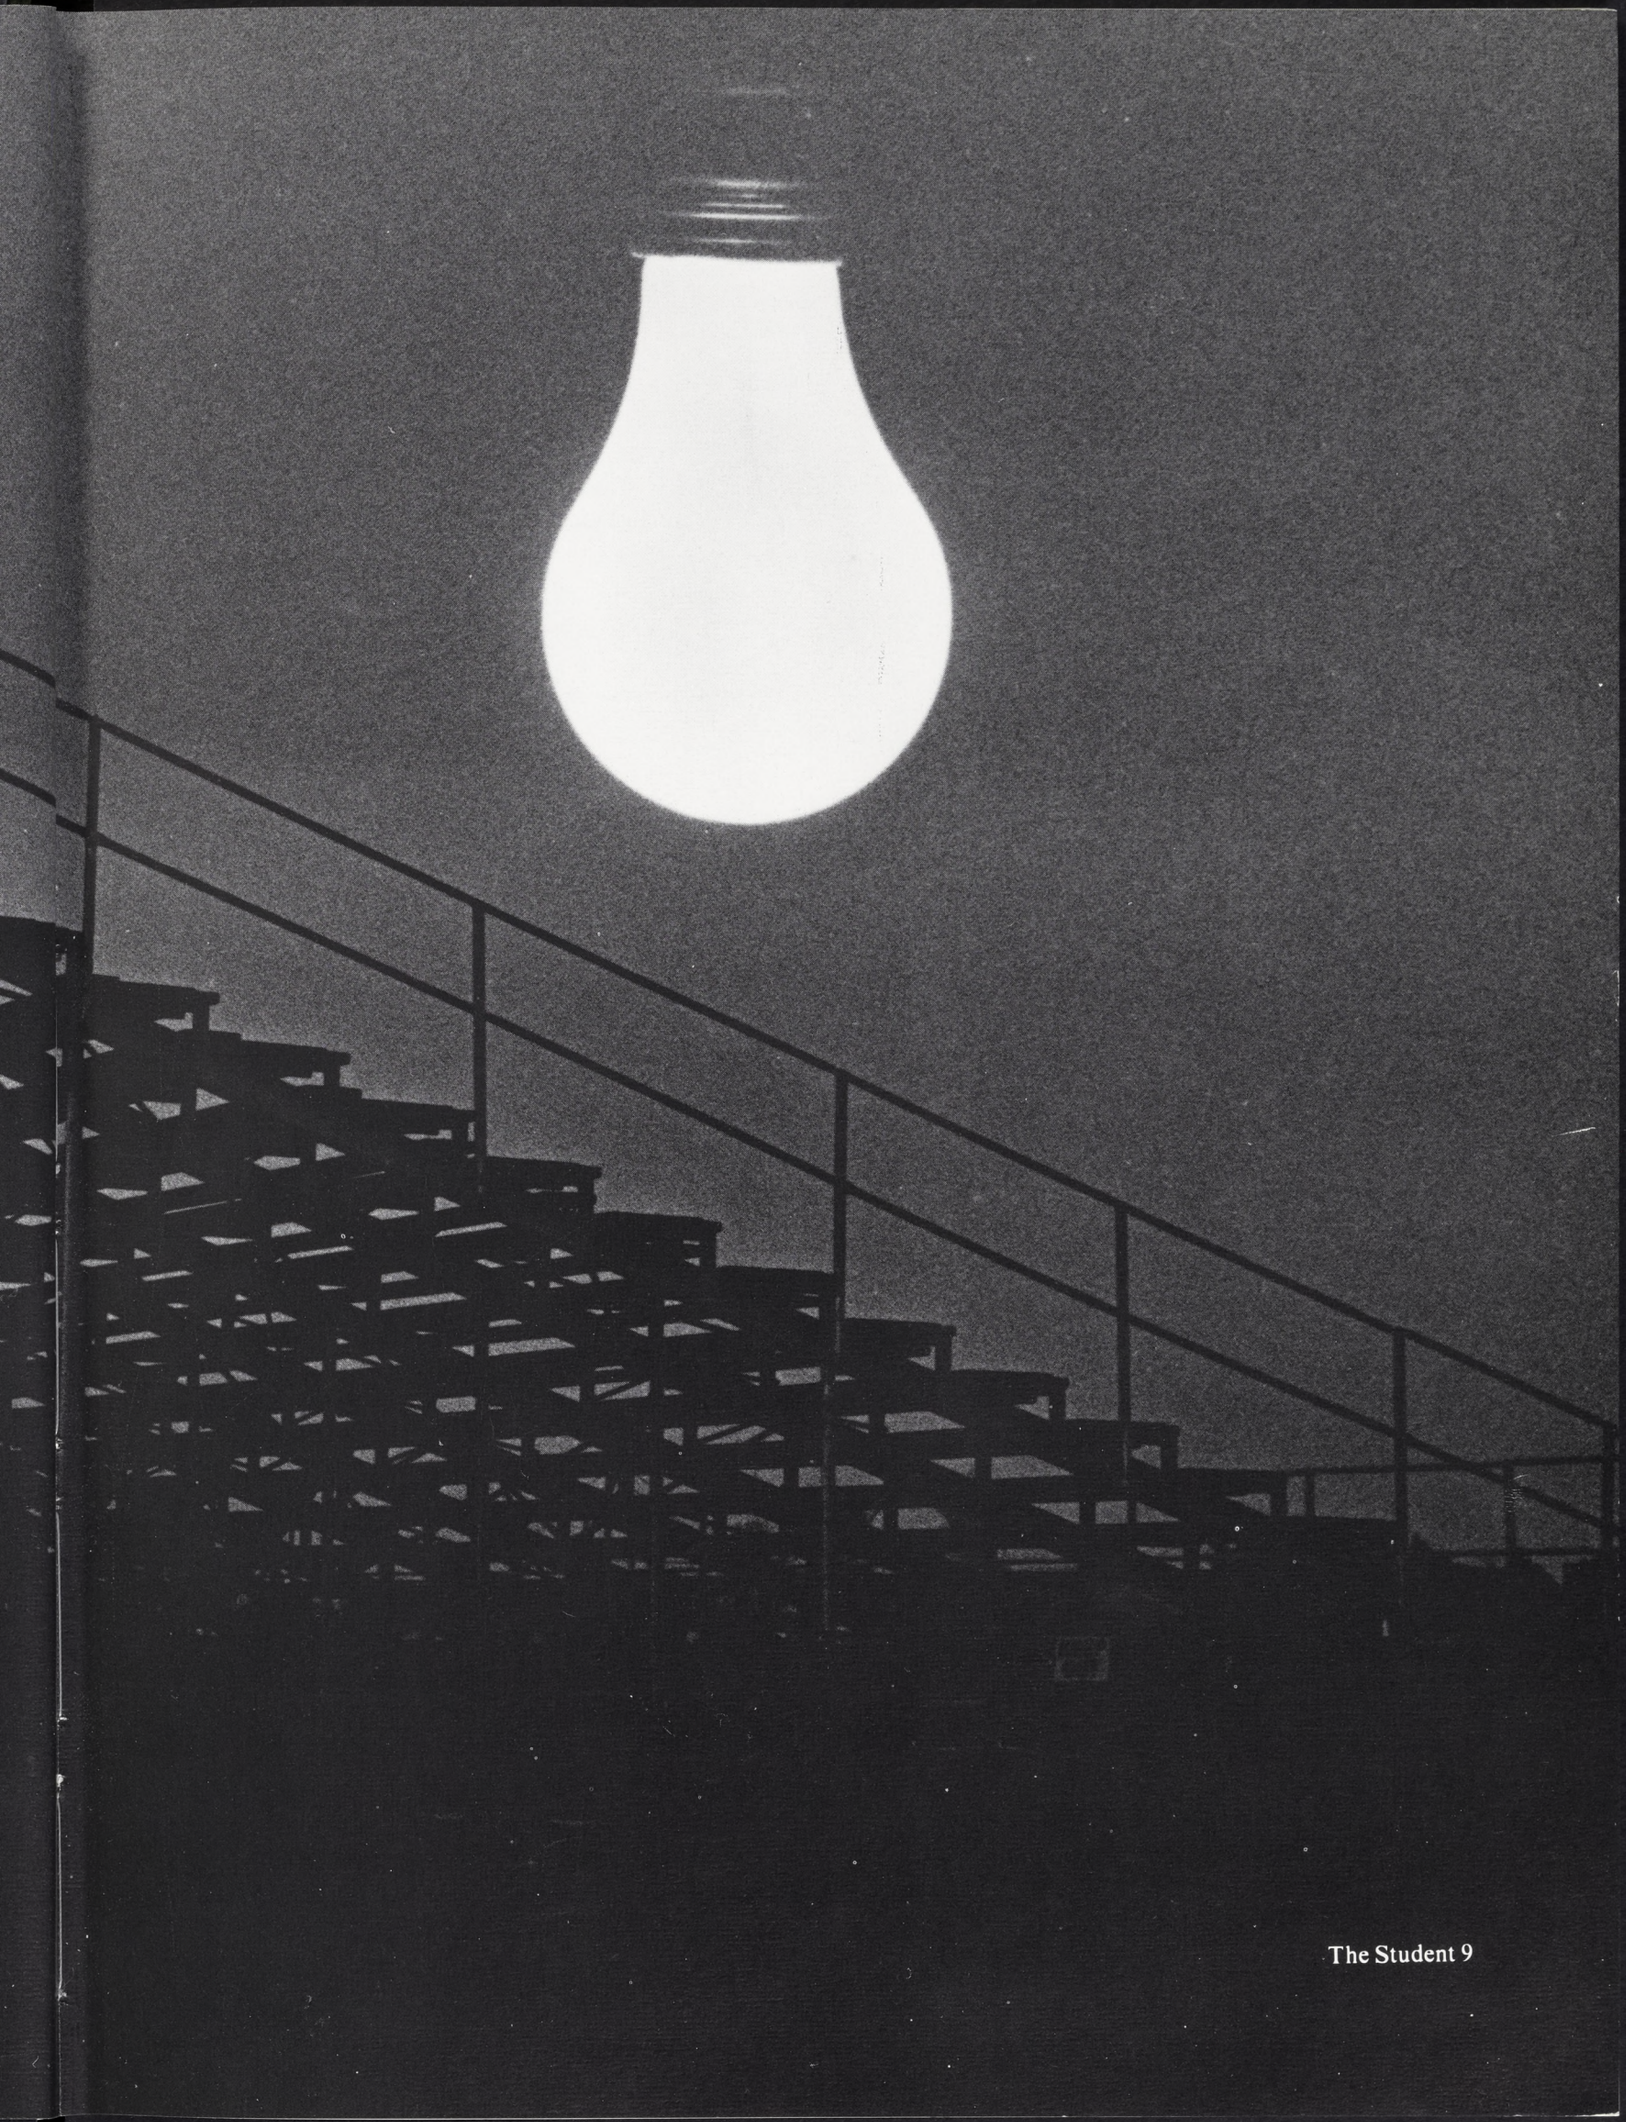
SSC'S "Golden Gate Bridge"





symposium on racism in America: past, present, & future

Whether one believes that schools should shape or reflect the values of a democratic society, it is obviously impossible to do either except to the extent that those responsible for the educational process understand what the society's values and the conditions of their implementations in fact are. Recent interracial clashes and public reactions to them indicate that, at least in regard to American race relations, our formal educational system is not doing the job. Both the roots of our racial problems and the question of how they may be resolved continue to be discussed largely at the level of platitudes. Rather than frank analysis of the origins of the crisis, we are offered moralistic judgements about its symptoms. And instead of action-oriented examinations of feasible solutions, we are asked to content ourselves with enjoiners to "law and order".

The only responsible antidote to current ignorance and the attendant emotional polarization on the subject of race relations in the U.S. is continuously to expose the American public to the kind of in-depth explorations of this area of our national life which our regular educational curricula and the mass media largely fail to provide. To help meet this need for a fuller and more sensitive understanding of the interracial situation our society today faces, Sacramento State College Inter-Racial Project, in cooperation with the Academic Senate and the College's administration have arranged an "Interracial Week", featuring the appearance of informed speakers representing various viewpoints on some of the many aspects of this critically important subject. It is hoped by the planners of this special program that it will contribute in some small measure to the development of the more informed citizenry which the continued vitality and harmony of our society so urgently requires.

The International Programs of the California State Colleges have been established to provide qualified California State College students with the opportunity to attend selected institutions of higher learning in foreign countries.

A primary objective of the Program is to prepare students for full participation in a modern society which demands, especially for Americans an unusual degree of knowledge and understanding of the rest of the world.

Participating universities are located in France, Germany, Italy, Sweden, Japan, Spain, Taiwan, Israel, and England. Applications and information may be obtained from the Office of International Studies in the Administration Building. Be sure to stop by—

Students Ann Berke, Donald Negri, Jean Cardin and Marsha Young spent last year in France studying at the University of Aix Marseilles.

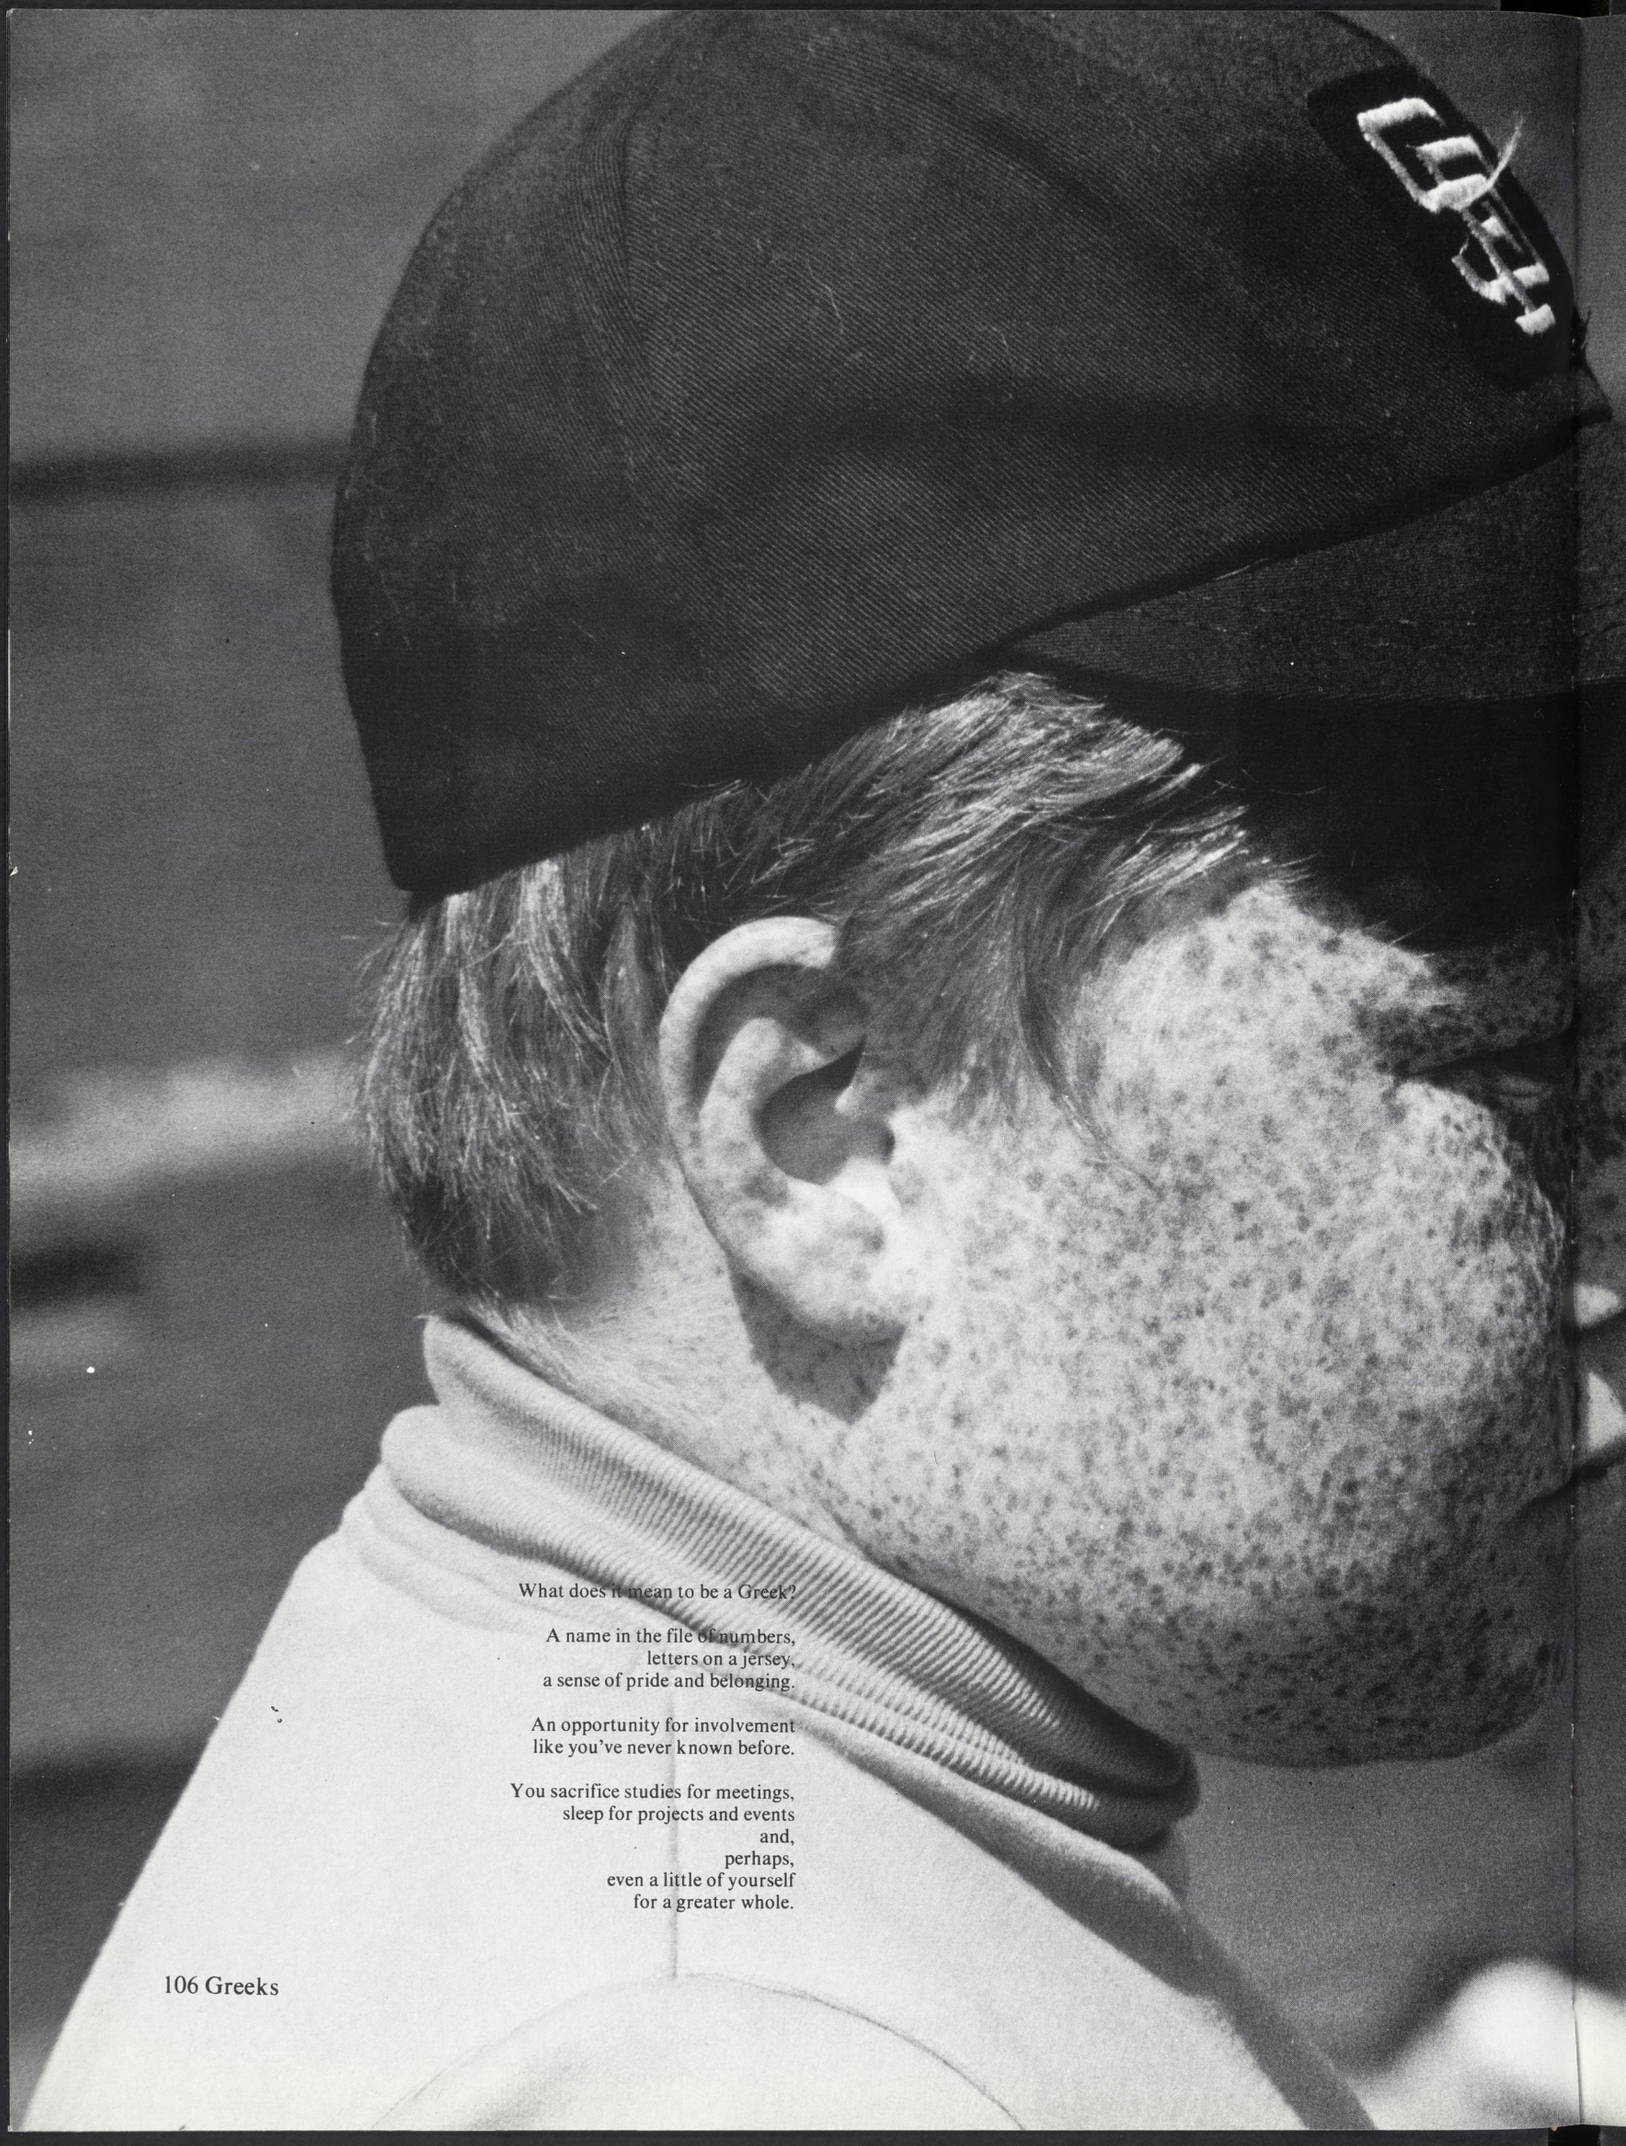
GREEKS

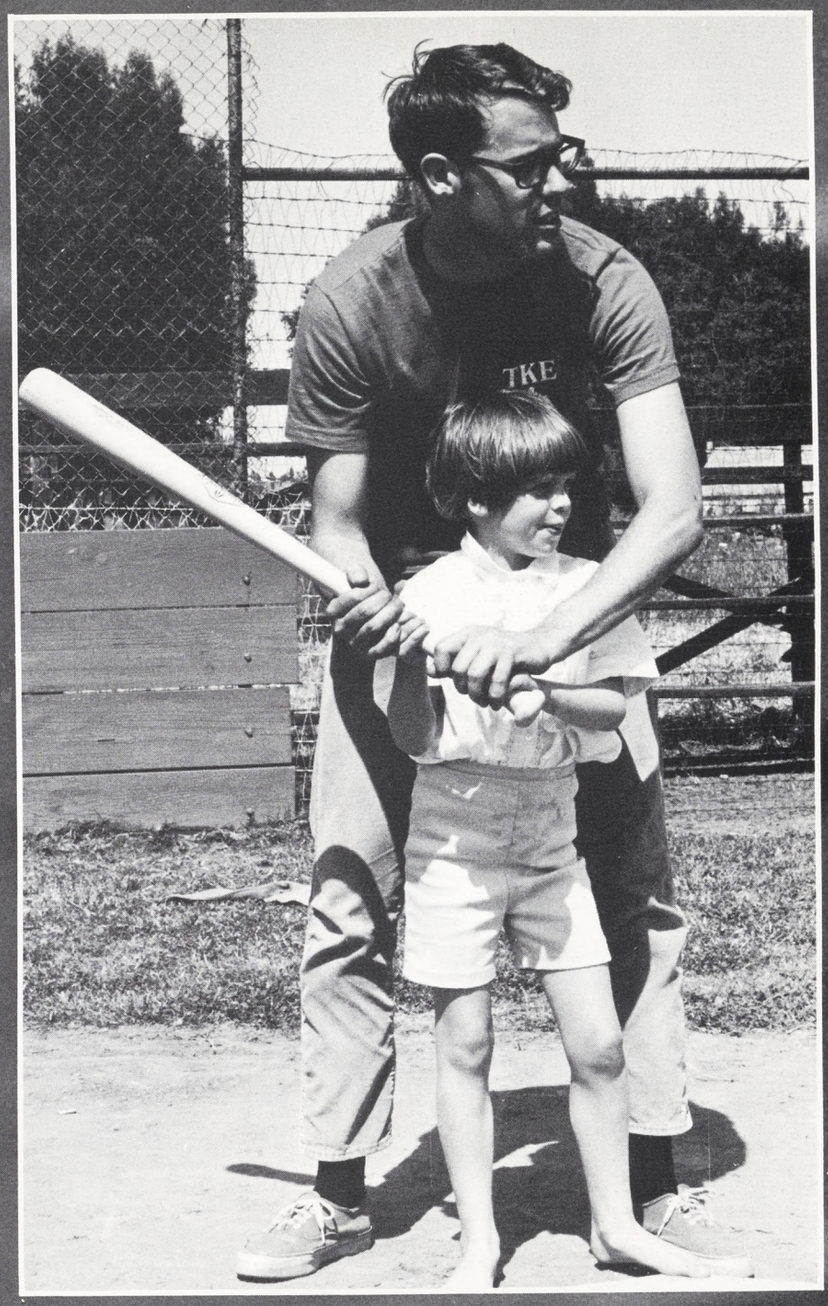


What does it mean to be a Greek?

A name in the file of numbers,
letters on a jersey,
a sense of pride and belonging.

An opportunity for involvement
like you've never known before.

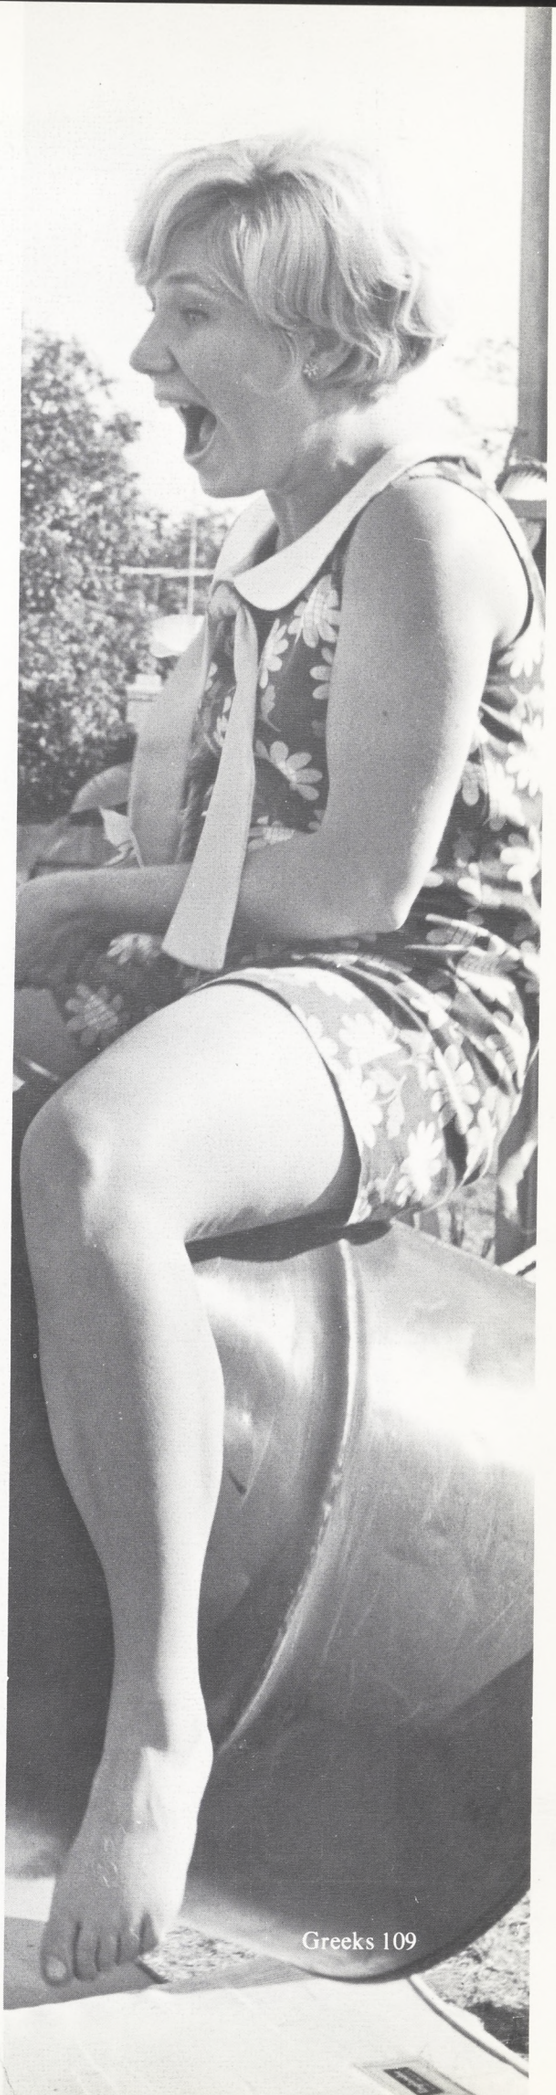
You sacrifice studies for meetings,
sleep for projects and events
and,
perhaps,
even a little of yourself
for a greater whole.

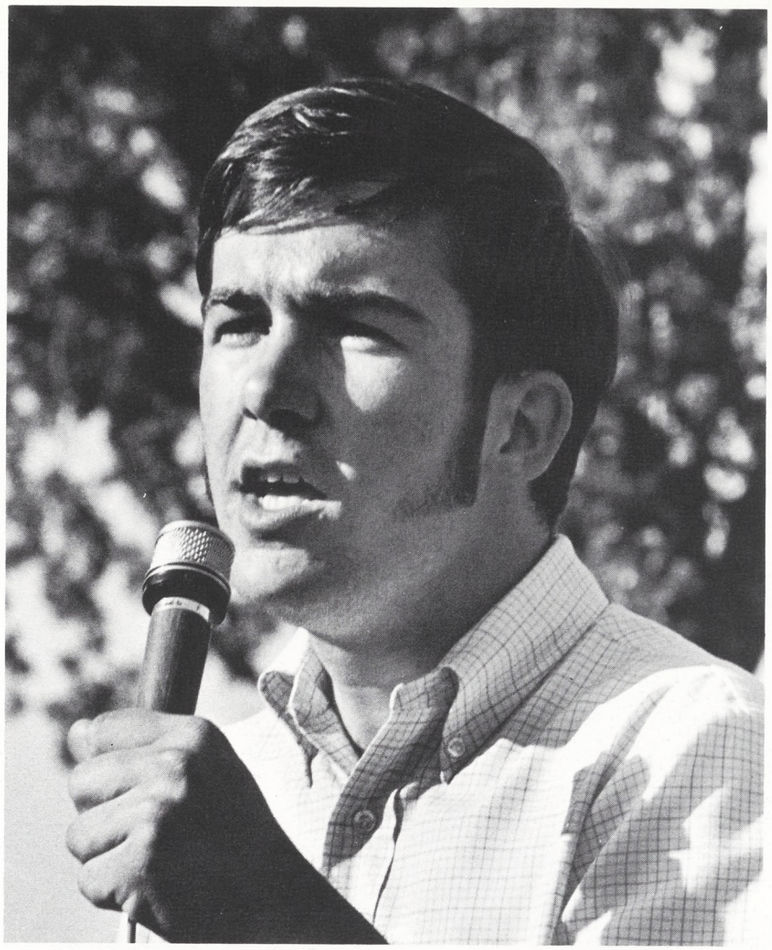


TKE

KENTUCKY

Rush is only the beginning
of that special brotherhood
where friendships are more meaningful
than the ordinary kind.
You learn to take others into account
yet never lose sight of yourself—
the individual.

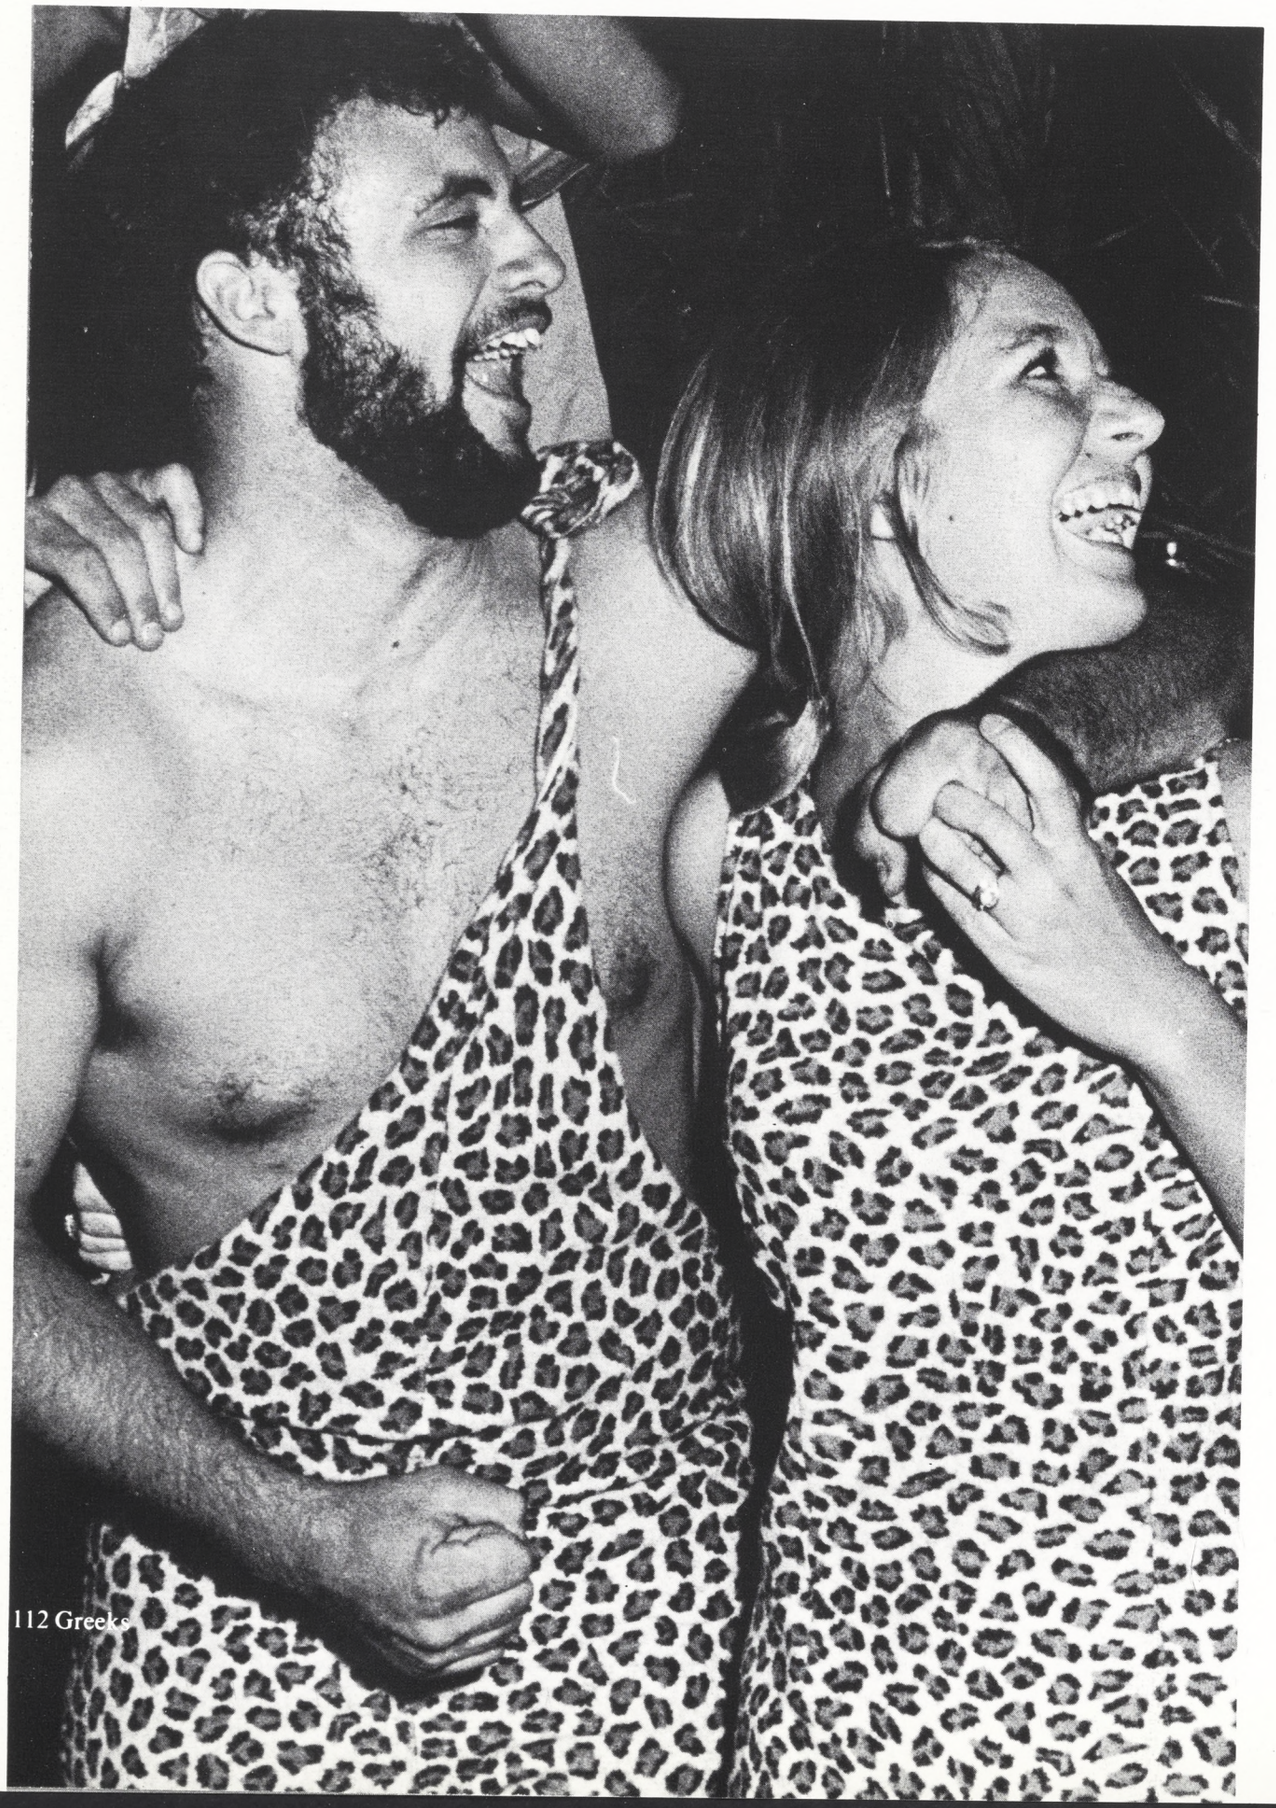




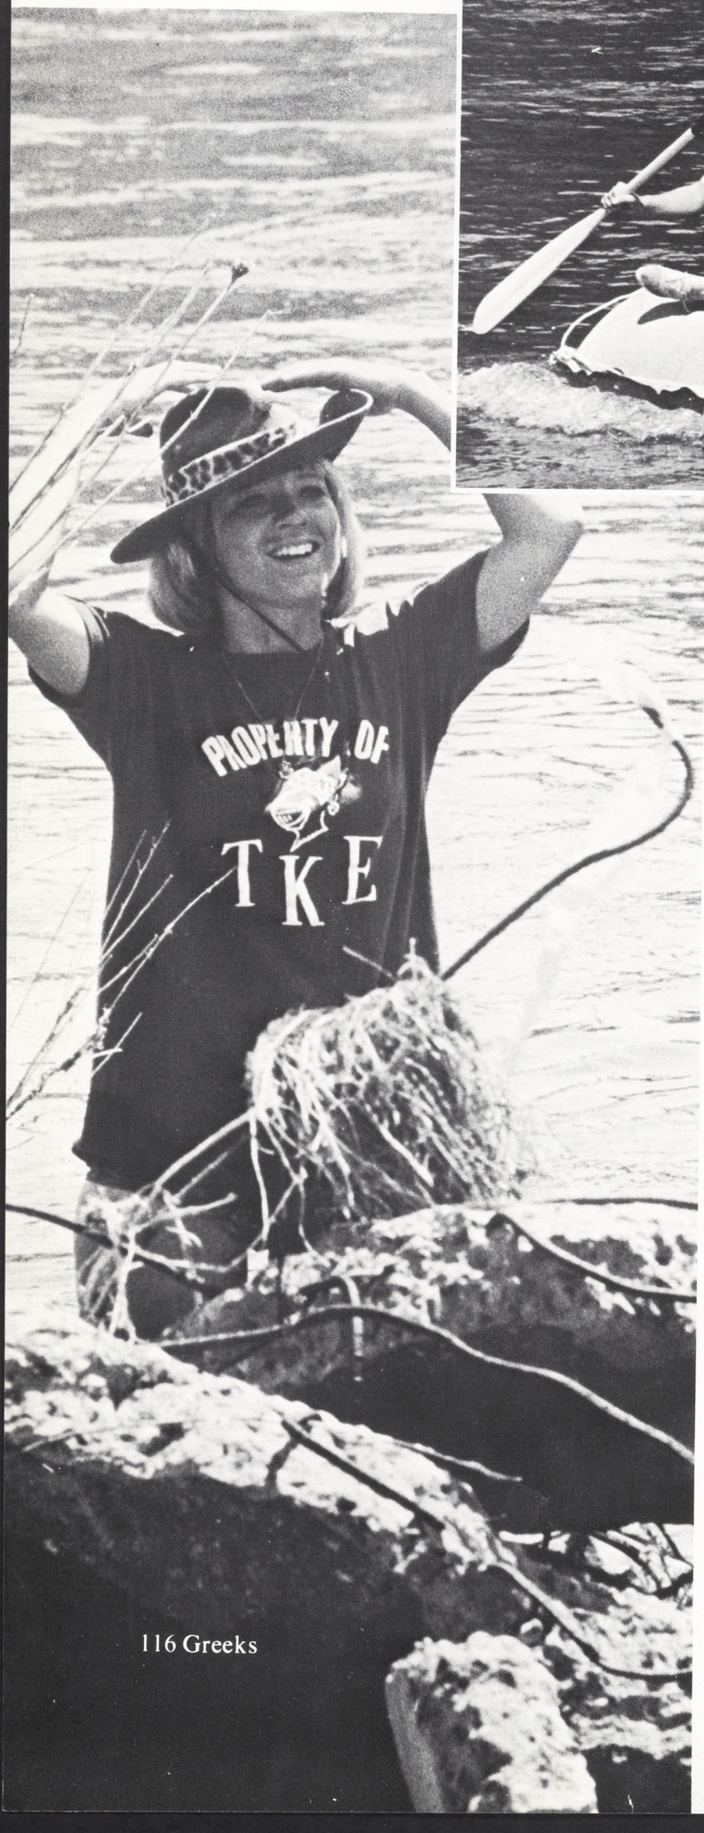
Your loyalties expand
to include the partners
with whom you work and play,
the mystic tie you cherish,
the college you call-Alma Mater.

Relationships are sometimes lasting, sometimes transient.

There's the pride you feel when your little brother is honored,
the special glow you share when your sister falls in love.
A filler you—
a larger horizon of experiences.



A Greek may be a beauty,
a swinger,
a leader,
or just another contestant seeking
his role in this role;



But more than that,
he is one who has found the involvement
and caring that comes through responsibility
to something more than yourself.

That spirit within,
blinding and charged with enthusiasm,
Exemplifies the Greek man and woman at SSC.

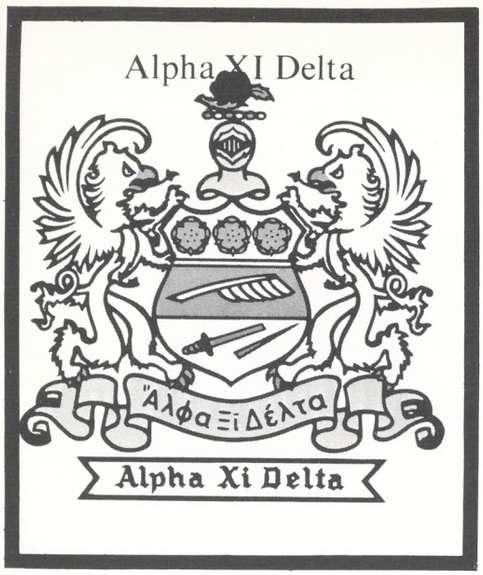
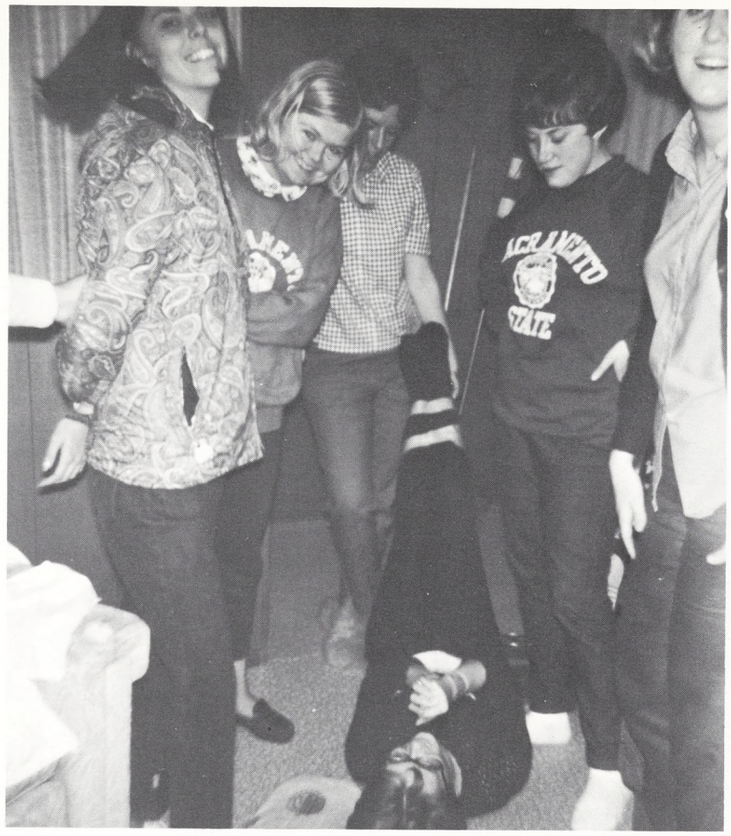
Alpha XI Delta



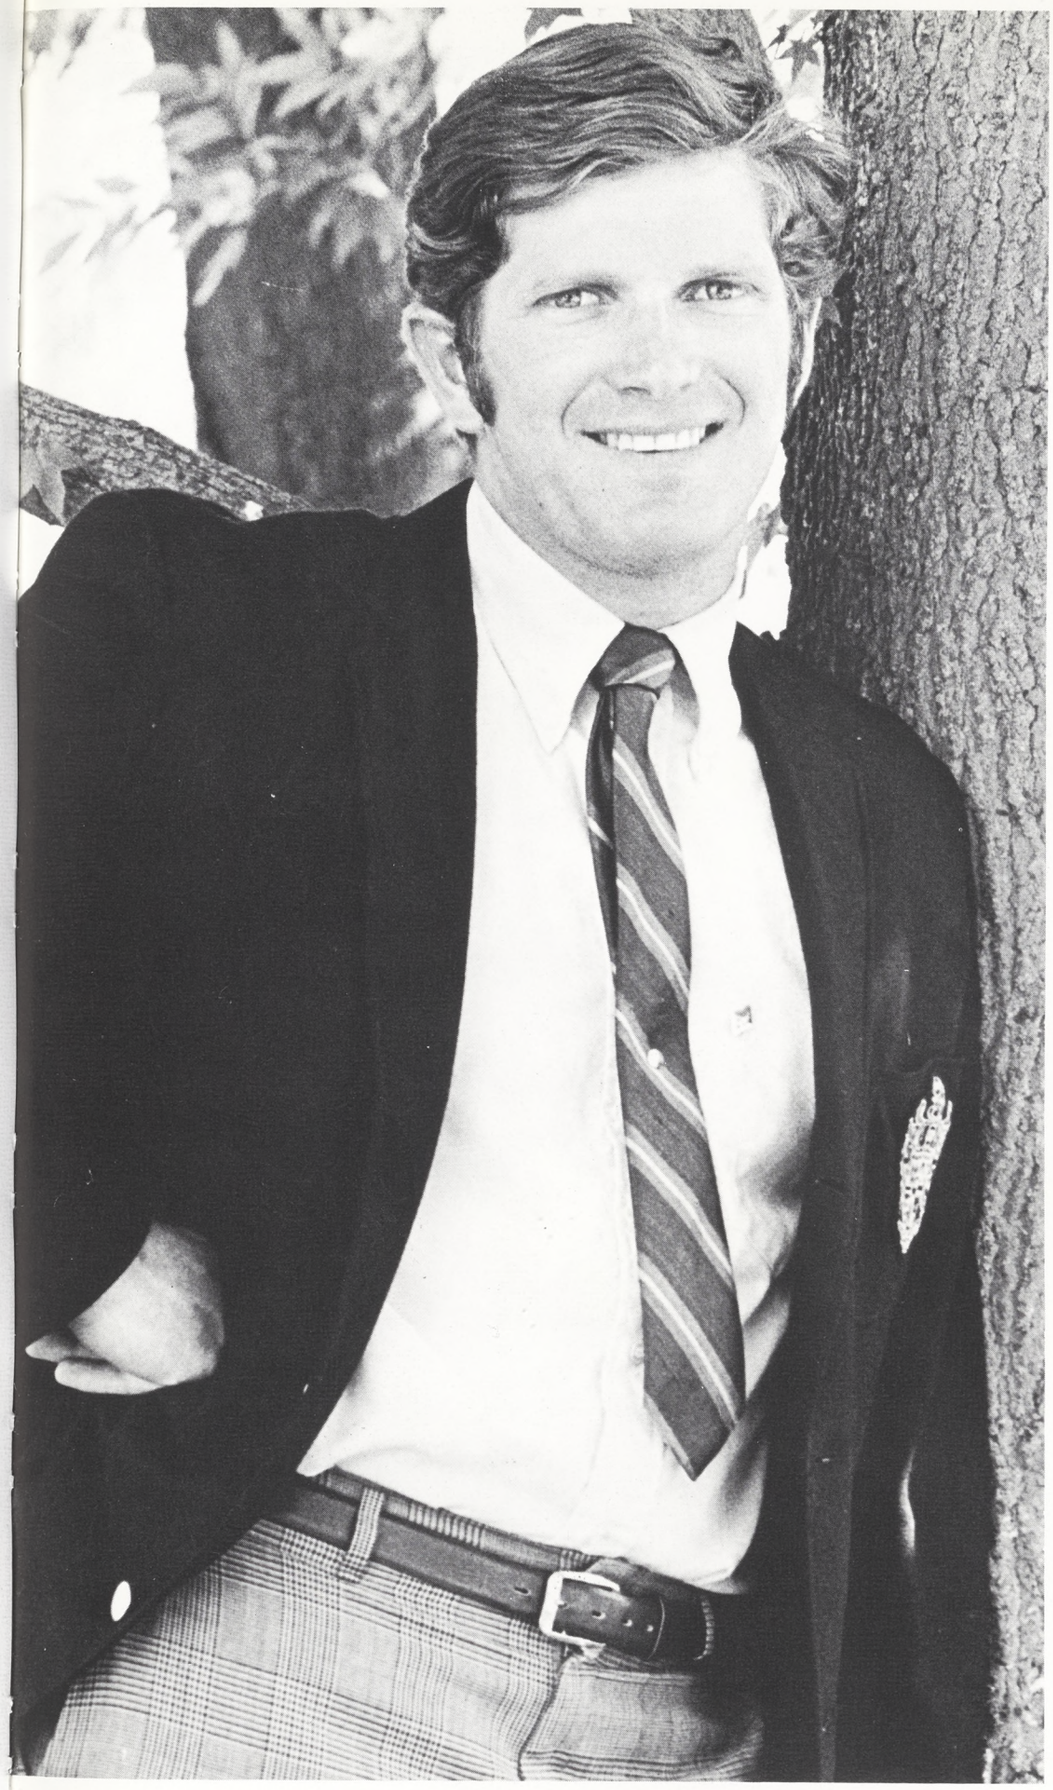


Nancy practicing her yoga again?

Alpha Xi Delta sponsored many community service projects including the preparation of Christmas packages for the benefit of the Economic Opportunity Program. The sisters also planned parties and picnics for the Sacramento Children's Receiving Home and the chapter presented the Home with a gift of toys and equipment for the children. The sorority was placed in charge of organizing the Blood Drive for this year's Greek Week. The Drive was planned to provide a general blood fund for SSC affiliated patients in need.

All of these programs were undertaken to assist Alpha Xi Delta in maintaining its goals of sisterhood and community understanding.

Pictured below are Ray Goyencha of Delta Chi and Mike Smith of Sigma Alpha Epsilon, Alpha Xi Delta's Big Brothers.



Chuck Kilmer
Alpha Phi's B.M.O.C.

Alpha Phi

Alpha Phi International Fraternity, formerly Kappa Gamma Sorority, is the newest national sorority on campus. Alpha Phi was founded at Syracuse University, New York, in October, 1872 by ten enthusiastic women seeking to create an organization based on friendship and scholarship. Kappa Gamma was initiated as Alpha Phi on January 13, 1968, flying the colors - silver and bordeaux.

During the past year Alpha Phi has been an active participant in many S.S.C. activities. We have won the Panhellenic Scholarship Trophy twice consecutively. Alpha Phi placed second in the Homecoming Parade this year. Alpha Phi also won first place in Greek Shows for the sixth consecutive time with the theme "Be Yourself."

Alpha Phi's other activities include ski trips, Church Sunday's, mixers, pledge-active overnights, Christmas Formal, sorority retreats, Spring Hayride, and working on our philanthropic cardiac aid.

John Thompson, of Phi Tau and Chuck Kilmer of SAE were Big Brothers while Tom Nickens, Sig Ep and Angelo Ballungay, were our Little Brothers for the Fall, 1968, and Spring, 1969. Besides Big and Little Brothers, Alpha Phi also has an honorary auxillary, Brothers of Bordeaux, consisting of past Big and Little Brothers.

Alpha Phi Membership Judi Barnett, Vicki Barr, Linda DeJarnett, Ginny Garwood, Mary Hanzer, Kay Harmon, Marilyn Jolly, Lorena Moody, Cathy Milan, Judy Richardson, Claudia Stout, Kay Yender, Sally Ballungay, Marie Bastunas, Angie Carone, Cecilia Decuir, Kathy Galli, Dayle Gittens, Chris Hassel, Patsy Lohmann, Suzanne Makinen, Lynette Mettler, Dee McKay, Susie Patrich, Marcia Puyper, Sharon Ramsey, Carol Bertagna, Megan Flinn, Joanne Freeborg, Linda Poertner, Pam Schwindt, Marsha Crane, Bonnie Jacobson, Margaret McCarthy, Susan Pothuff, Pam Smolich, Janice Ewing, Joyce Digirolamo, Nancy Fisher, Leslie Newman, Sylvia Wiley.

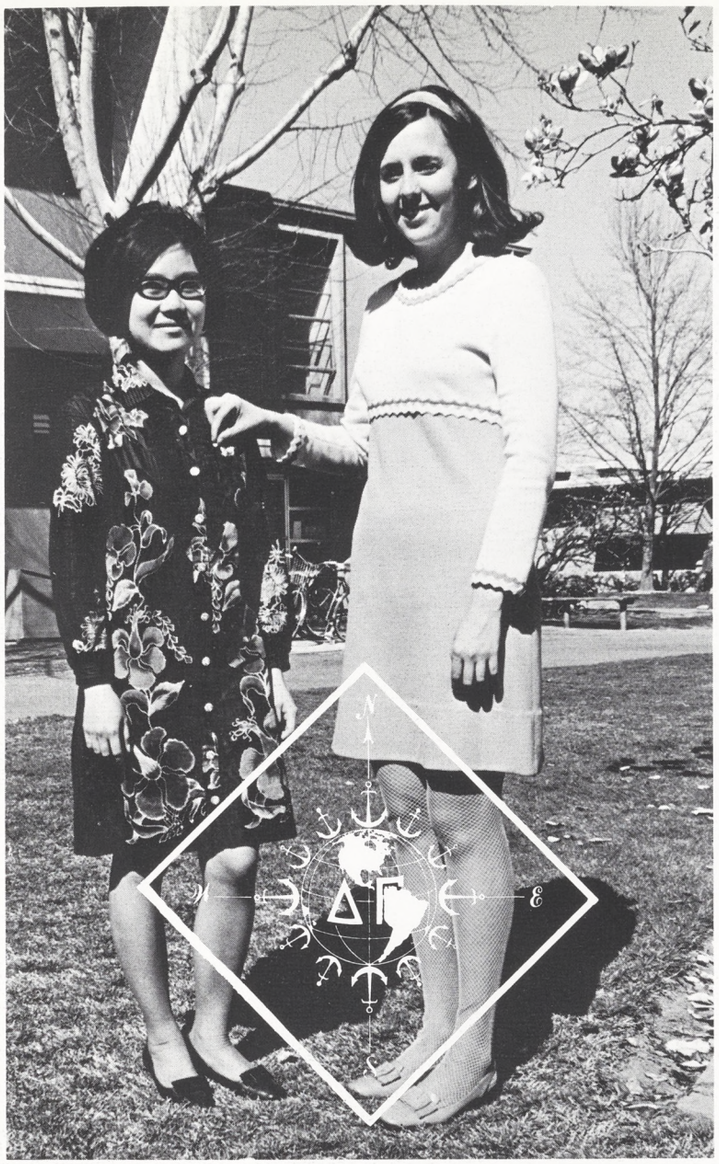
Alpha Chi Omega

Alpha Chi Omega pledges make gifts for their big sisters.

Alpha Chi Omega has continued its tradition of campus and community service this year by participating in a variety of projects. At Christmas many of the sisters put in hours of work collecting food and toys for needy families in the Sacramento area. The sorority served food at the Christmas Dinner for the Sacramento Blind Association. The main philanthropic project is the Easter Seal Agency, where the sisters have provided assistance in organizing money raising projects.

Indeed it has been a very busy year for Alpha Chi Omega. As sisters working together, they have successfully emphasized and blended the many aspects that college life offers.

Pledge, Sue Rom kidnaps Fall Semester President, Susie Sheldon.



Tjie Jin Tjong, DeltaEta's International Student is presented her pledge pin by her sponsor, Laura Wilde.

Delta Gamma

This year Delta Gamma has expanded its service projects to include the sponsoring of an International Student, Tjie Jin Tjong. Their new sister from Indonesia was pledged in her second semester at Sac State. It is hoped that her pledging will help to tie the bond of understanding on a personal level. Delta Gamma undertook other service projects as well. The sisters assisted in the field of Sight Conservation and Aid to the Bling, and volunteered their time to the Starr King Exceptional School, where they assisted both the teachers and the students.

As a social sorority, Delta Gamma realizes the importance of tying community projects with personal development.

SIGMA KAPPA

Sigma Kappa marked another year of sisterhood and service by working on their national philanthropy project, gerontology. Part of the program includes an opportunity for the sisters to present monthly birthday parties for patients living in a convalescent home in the Sacramento area. The sisters also participated in a number of campus activities promoting better understanding between the community and Sacramento State such as the Economic Opportunity Program, College Kick-Off, and Homecoming.

Sigma Kappa has had a challenging and fulfilling year of growth and service.

DELTA SIGMA PI

Epsilon Phi Chapter, of the International Fraternity of Delta Sigma Pi, celebrated it's sixth birthday at S.S.C. this year.

Thirty-seven pledges successfully completed the pledge period and were initiated into the chapter. Prior to the pledge program the informal rush, "Stag Party" was held. The next social event was the "Grub Party." This is the only event where the pledges were allowed to dress naturally. The highlight of the year was the Initiation-Dinner Dance held in honor of the new brothers.

Other social events included Casino Royale, which was a smashing success. Valuable prizes were auctioned off for as much as $4,000 to $5,000—play money, of course. Twenty players set out to break par in the semi-annual golf tournament. Unfortunately they broke only a driver, a nine iron, and a window at the club house. Finally, the traditional pledge-active football game saw a standing-room-only crowd. The actives trampled the pledges 69 to 6.

On a more serious note, they had ten outstanding professional speakers with Don Nance's speech on "California's Water Project", the highlight of the program. They had two excellent tours, one to Aerojet's Rocket Division and another to Napa's famous wineries.

After the Grand Chapter Congress meeting at Mackinac Island, Michigan, held in August the Brothers of Delta Sigma Pi were ready to launch a new semester of carrying out the ideals of the fraternity.

Nancy Sanders — Delta Chi Sweetheart

Delta Chi's prize winning float depicts SSC 21st birthday as "a whale of a year."

DELTA CHI

LEGES

Delta Chi Fraternity was founded on March 17, 1966 by 17 energetic men at S.S.C. This expanding fraternity, with its 31 active members, has sponsored and participated in many activities this year. Delta Chi took second place in the wood piling contest during Homecoming Week. The fraternity's float received first prize with the theme "A Whale of a 21st."

Delta Chi, during Greek Week, placed 1st in the Carnival, 2nd in the Raft Race, 2nd in the Greek Shows, and 2nd in the Chariot Race. Bonnie Frazer, sponsored by Delta Chi, won the title of Safari Queen.

Delta Chi initiated the Player of the Week Football Award. The outstanding player, chosen by the coach, was awarded a trophy sponsored by Delta Chi.

Fraternity service projects included entertaining orphans at the Delta Chi house during Christmas and Easter vacations. Delta Chi sponsored a Christmas Ball and their White Carnation Ball was held at the University Club on May 16,1969.

Special recognition goes to Mike Maters, winner of the Curt-Lattimer Award and Jim Ambrosini, voted Delta Chi's outstanding man of the year.

ΛΑΕ

Lambda Alpha Epsilon

This section of "The Statesman" is dedicated to the memory of Jacob Fuller, who dedicated his life to the field of law enforcement.

"Jake" Fuller served in the capacity of assistant professor of Police Science and was one of Iota's faculty advisors.

The Iota chapter of Lambda Alpha Epsilon marks its tenth anniversary of existence on the Sacramento State campus this year. The chapter has become an important part of campus life since its founding. Iota has assisted Sac State by providing fingerprinting services for credential candidates, serving as a source for college kickoff counselors, and supplying tutors for the Neighborhood study center projects.

Lambda Alpha Epsilon is composed of over 60 members who are bound by a concern to improve understanding between law enforcement agencies and students in the area of the administration of justice.

ΘX
THETA CHI

Theta Chi had a full year with many accomplishments. They won the bonfire competition during homecoming. They also made the all-college volleyball team and in softball came in first. All-American Dean Ferrandidi paced Theta Chi to first place in swimming competition.

Among their social events the Sweetheart Ball and Viking Orgy were listed as the highlights of the year. Although not many made the U.N. v.s. S.S.C. football game the Reno Bus Trip was also a big success.

Theta Chi had a new addition to their house which is located at 21st and G. St., Oxie, a six foot great Dane joined the brothers in the Spring. Blonde, blue-eyed, Kristen Clause is Theta Chi's 1969 Sweetheart. Kristen is majoring in Social Science at S.S.C.

You see the SAE brothers gathered in the stream and weight room of Harry's bar. None the less, they remain pure of mind and heart considering their last memory is that of a Western Party apple cider bottle.

Quick to take advantage, the AKO's organized a Pimp and Prostitute Party. But the brothers, knowing full well their reputation as enduring All-College Intermural Champions, withstood.

The Sac State DG's, assuming the challenge, took the brotherhood to the snow for a ski weekend, although they failed to realize that the Fall Off-Campus Mixer with the U.O.P. DG's had already proved their point. (Brother Smith came through as usual.) However, the subsequent Greek Week DG Box Lunch on the quad provided staying power for the traumatic raft and chariot race upsets over the highly favored SAE's. Needless to say, the brothers prevailed for the 7th straight year in the arduous Tug-O-War.

While our outstanding Little Sisters continued to lend moral support, four out of five sororities chose SAE's as Big Brothers.

And how well we remember loosing the SAE Gorilla while gathering grass for the infamous Greek Week Jungle Dance.

The highlight of the year was the Phil Kirby Magical Mystery Bus Tour of Pasadena, the Jr. Rose Bowl, and San Fernando Valley State College. The SFVS SAE's showed outstanding brotherhood in supplying their own girlfriends for our enjoyment.

For summer kicks the California Xi's plan to edit another fantastic fold out calendar, (that is if they can put down the proofs), as well as journey down to San Francisco for the Ed Wilson version of the SAE National Convention.

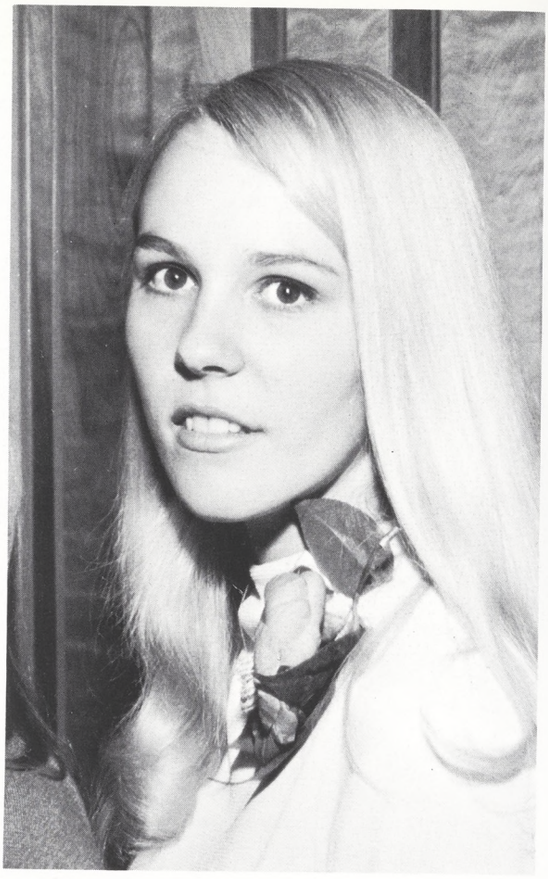
SIGMA PHI EPSILON



Carol Leidy-Sweetheart

Sigma Phi Epsilon might well label the years 1968-69 as years of transition-years pointed toward the future. New goals were set by the fraternity, one of which was the liberalization of the pledge program. Better pledge-active relationships were established and the traditional hazing was eliminated. There were parties and mixers, highlighted by the traditional Sweetheart Ball. But there were other things too. Seminars were held to help brothers better understand what they could to to help the community, school and themselves. It was a year of awareness.

Sig Ep triumphed at Homecoming, as they walked away with the Sweepstakes trophy for their float, "Diapers to Decisions." And once again Sig Ep won the inter-fraternity football championship.

Sig Eps were active in all phases of school life. Members were on the Student Senate, College Union Committee and the Board of Justice. Brothers served as chairman of CKO, Editor and Sales Manager of the Statesman, Vice-President and Secretary of IFC, Hornet advertising manager and Chairman of the Board of Publications.

Spring Pledge Class: Paul Avotti, Jim Senegalia, Dave Helmsin, Dan Britt, Rick Reilly, Dennis Azevedo, Jim Frazier, Al Zani and Steve Gregory. Pledge Master: Dennis Brimer.

Tau Kappa Epsilon's raft team poses for a picture before beginning their trip down the river and taking 1st place in the competition.

TAU KAPPA EPSILON

Manuscript found in a beer keg: Help! I've been held captive for nearly nine months now by a group of savage misfits who call themselves "Tekes". They've imprisoned me in a chamber of horrors called a fraternity house, given me new names like "pledge" and then "frater", and exposed this writer to innumerable shattering experiences.

Take for example the weekend this same group journeyed across town to a childrens receiving home. Now what do you think they did there? Drink beer? Uh-uh. Dance? Nope. They repaired and painted the baseball diamond, played with the kids, and then threw an ice cream party for them. Do you believe that? That's not all--they somehow managed to run three candidates for school office this past year, put one or two 4.0 scholars on the deans honor role, distinguish themselves in intramural athletic competition and smile humbly. Now wait a minute, don't get me wrong, they did have a few social functions, after all, they claim to be a social fraternity. The confounding aspect of their parties was that they were entertaining, well attended, and conducted in good taste. When these "Tekes" did make a little money through a party or some fund-raising project--did they spend it like reasonable, typical, self-respecting young men? No! They gave it away to charities or to the educational opportunities program. At this point I ask you--is this any way to run a fraternity? These activities are apparently the hallmarks of change, and between you and I, a thorough search of the house and grounds failed to turn up even one goldfish or a fraternity man who was willing to swallow one. Distressing as this may seem there is yet hope--I'm looking out my bedroom window right now and down on the lawn I see one, no, two--no, three--four, ten, twenty, thirty, forty or more Tekes--and they're having a party. . .

C.P.R.S.

California Parks And Recreation Society 1969

The California Park and Recreation Society is a statewide organization composed of professional recreators serving to promote the importance of leisure in today's dynamic society and to provide a means of unification in meeting this goal. A student affiliation of CPRS was formed at Sacramento State in the 1959-1960 school year with 14 majors in Recreation Management. This year, there are 130 and the scheduled activities include prominent guest speakers from the field, dinner meetings, fund raising projects, attendance at State and national conventions, and community service projects. A useful exchange of ideas takes place between the student and the professional through the channels of the student affiliation in preparation for a career dealing with an increasingly leisure oriented society.

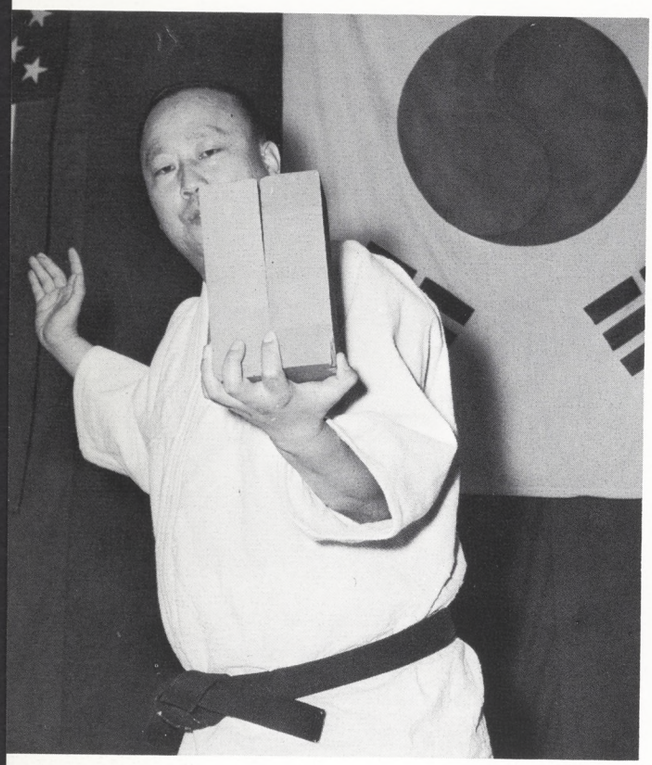
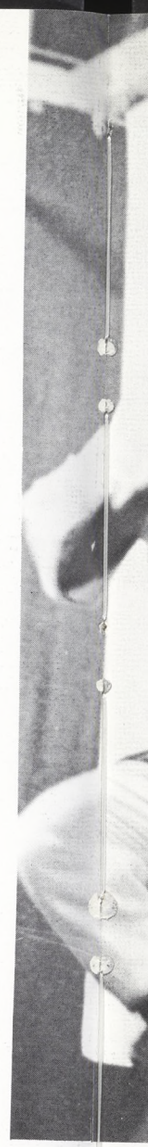
SSC Karate Club 1969





The SSC Karate Club, formed four years ago, is an active club which has had over two hundred members since its inception. Members of the club have participated in tournaments and numerous demonstrations both here on campus and at other functions including Cal Expo last summer.

The SSC Karate Club is dedicated to spreading the art of Tae Kwon Do. What is Tae Kwon Do? It is a Korean martial art originating 2,500 years ago. It is a combination of techniques, including karate, judo, kendo, and aikido incorporated into an integrated self-defense and physical development but, most importantly, a philosophy to live by. It is a philosophy concerned with justice, control of oneself, confidence in your abilities and appreciation of the brotherhood of mankind. The SSC Karate Club promotes co-operation and friendship among its members through discipline and mutual respect.

The SSC Karate Club now has two Black Belt instructors teaching our members: Mr. Myung Kyu Kang, holder of a 7th degree Black Belt, is our Master Instructor. Mr. Kang is one of the highest degree Black Belts in the U.S. and is the Master Instructor for the Moo Duk Kwan Tae Kwon Do Association in the United States. He has trained in Tae Kwon Do for 25 years and has taught it for 16 years.

Mr. Jong Hawn Lee is assisting Mr. Kang with the SSC Club. He is a 5th degree Black Belt and instructed the Korean Tiger Division in Viet Nam.

Senate blasts Johns . . .

By STEVE BUNK
Hornet Staff Writer

Academic Senate Chairman Donaldson is apparently a man who doe believe in mincing words. He sho that rather conclusively Wednesday, d ing an Academic Senate meeting at 2 p in the La Vista Room. Donaldson publ blasted Sacramento State President Ro Johns for his extensive out-of-s travels.

Donaldson declared, "Not only d contest the quantity of his trips out the state, but I also contest the qualit He asserted that many of his colleag feel as he does, that these trips are entirely for the benefit of the colle but instead are utilized for the perso gain of Doctor Johns. "We are all su

ASSEMBLY CALLED FRIDAY

A Move To Preven An SF State Here

By DOUG ROSS
Hornet Editor

Even as violence erupted Monday on San Francisco State College's campus, Sacramento State was already addressing itself to the kinds of problems at the root of such violence. A nine-student, nine-faculty committee, appointed by the college president, was meeting yesterday afternoon to probe the nitty-gritty of things.

The blue-ribbon committee was formed over the Thanksgiving holidays by President Robert Johns, SSC's top administrator. It was sort of a "President's Committee to Study Campus Crises," an informal Board of Probe and Inquiry.

Faculty members named by Johns to the committee included David Lucas, Austin Gerber, Preston Stegenga, Don Surlouet, Jerry Bellon, Victor Comerchero, Robert Thompson, Addison

claims

Johns had responded to a senate resolution charging a committee with the task of reviewing Johns' administration on budgetary and other matters by saying, "My office is always open to review to anyone who wants to review it." Johns later qualified this remark by laying down a set of guidelines under which his office would be open to review.

The Senate responded by naming a committee comprised of the same people who had originally recommended Johns for the office of president. In a letter not intended for public release, Johns

WORLD NEWS

Johnson Seeks
Nuclear Treaty

WASHINGTON AP — President John-
son said yesterday adoption of the nuclear
nonproliferation treaty is important to the
security of the nation and declared he
will "seriously consider calling the Senate
into special session" unless it ratifies
the document.

Without ratification, Johnson saw stark
omens ahead. He said new nuclear powers
might come into being and this could
force a dilemma upon the United States:

— "Either withdrawing our influence
and commitment from areas of the world
which are vital to our interests, or

— "Having other nations trigger a
nuclear conflict which could involve us."

Then with a not so veiled reference
to Republican presidential nominee
Richard M. Nixon and Sen. Richard B.
Russell, D – Ga., chairman of the Senate
Armed Services Committee, Johnson
added:

"Those who now argue for postponing

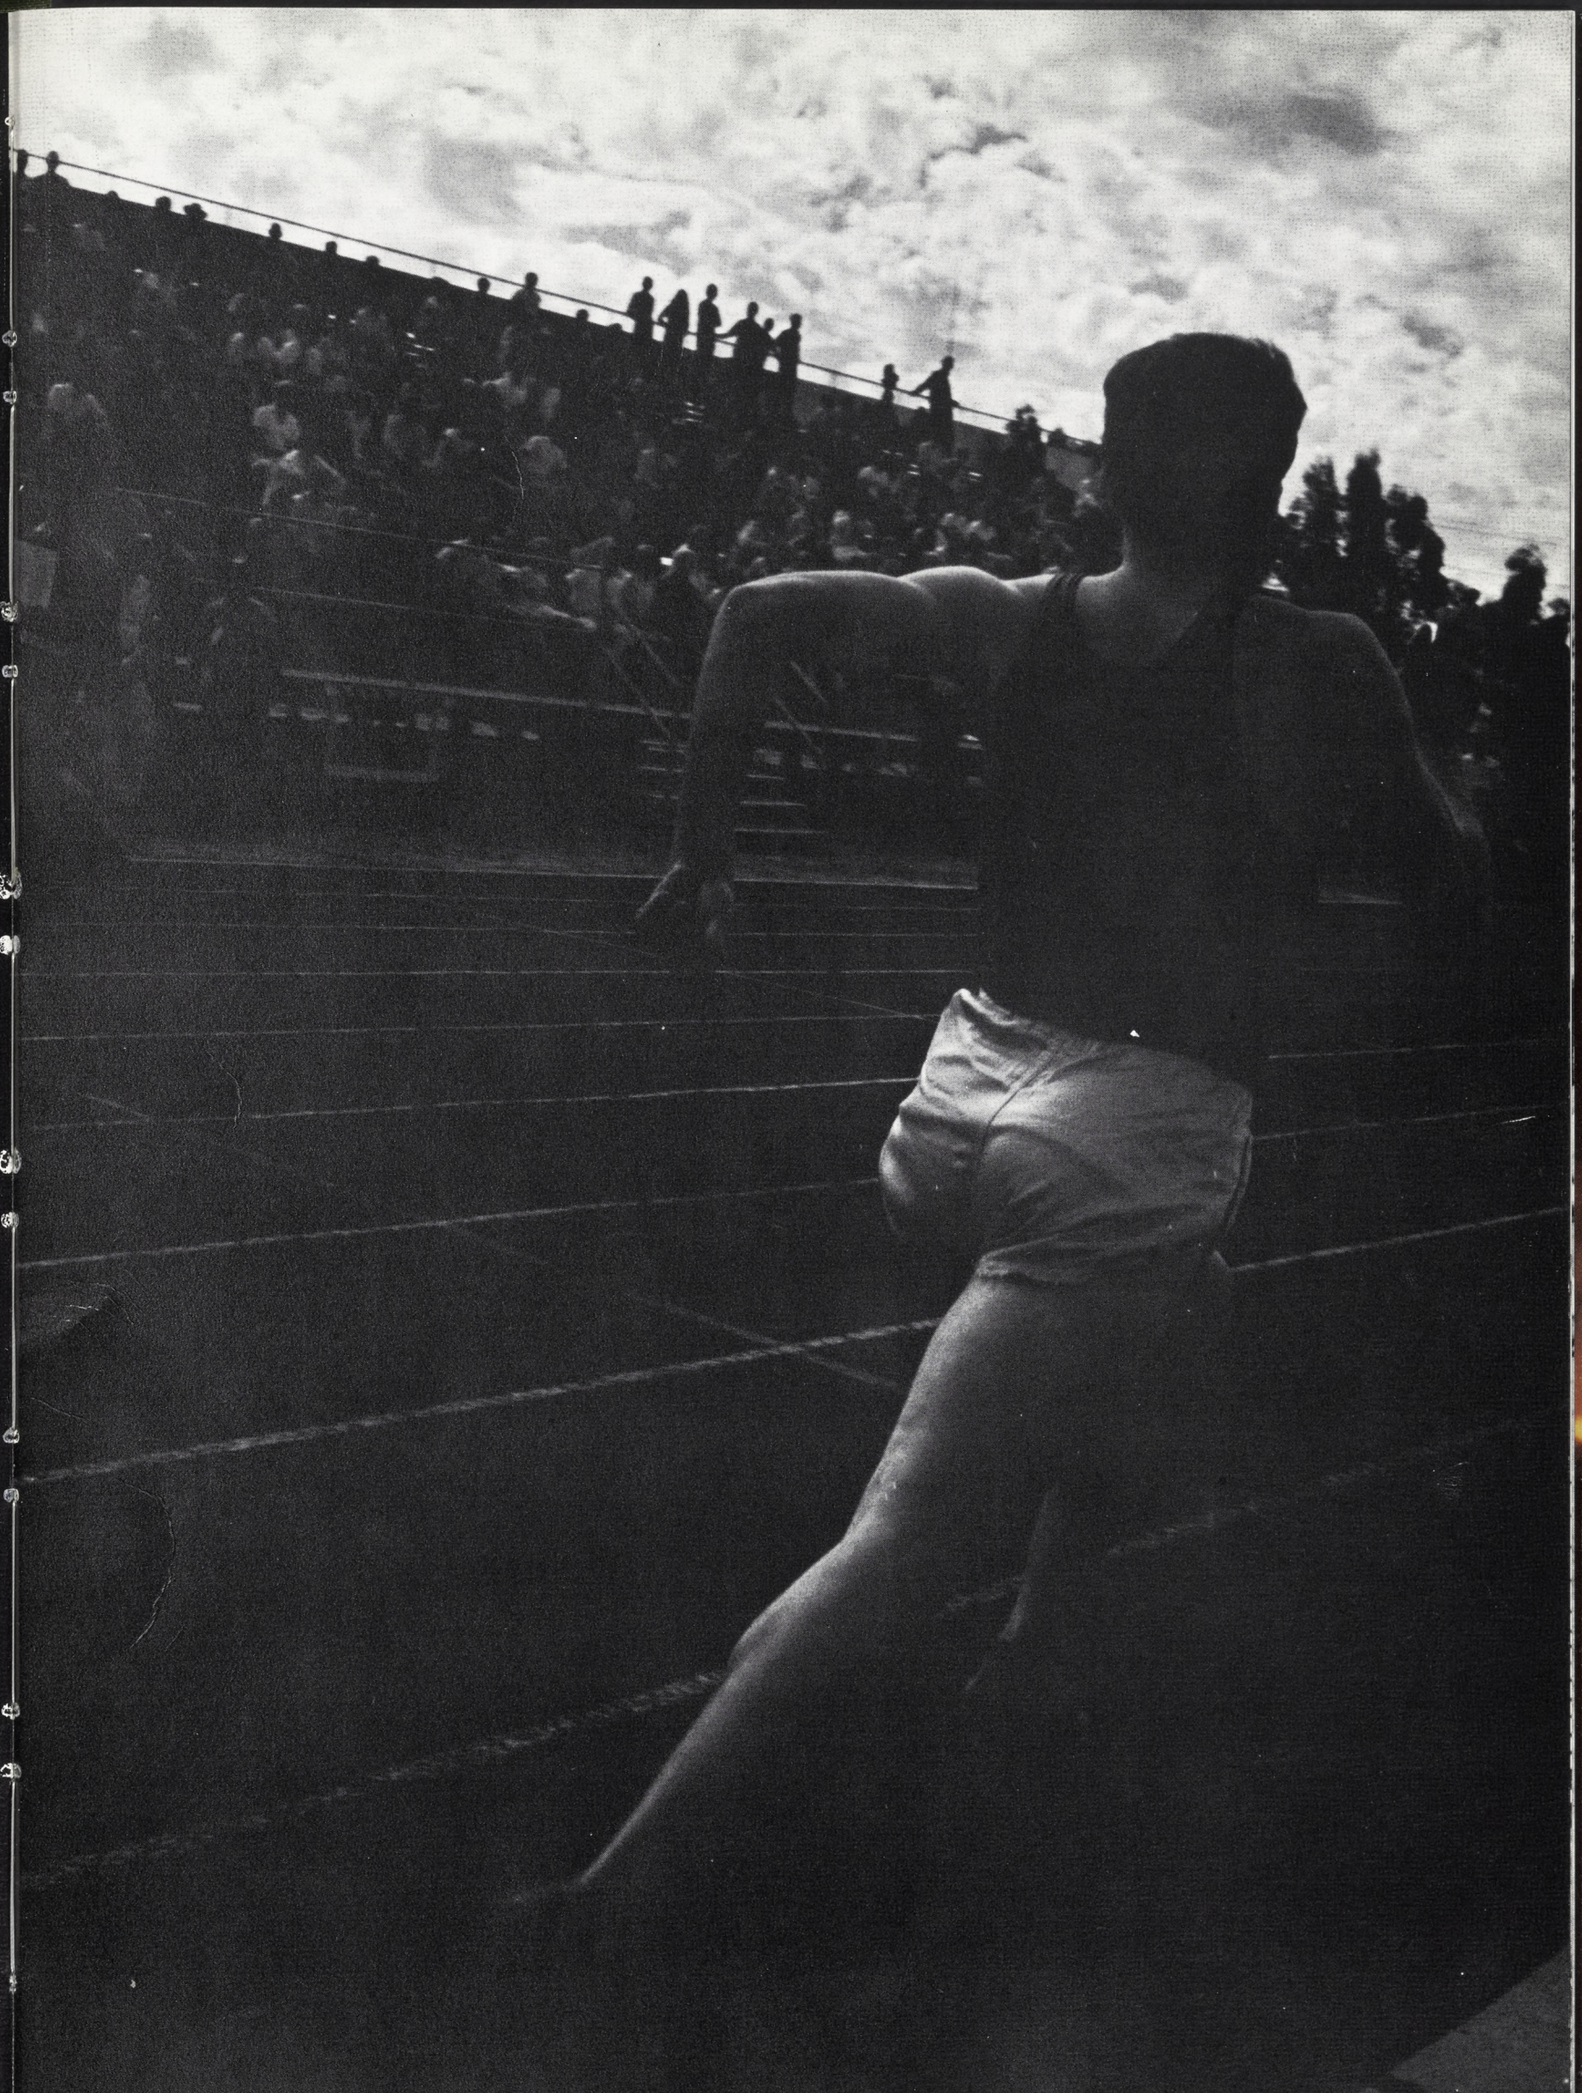
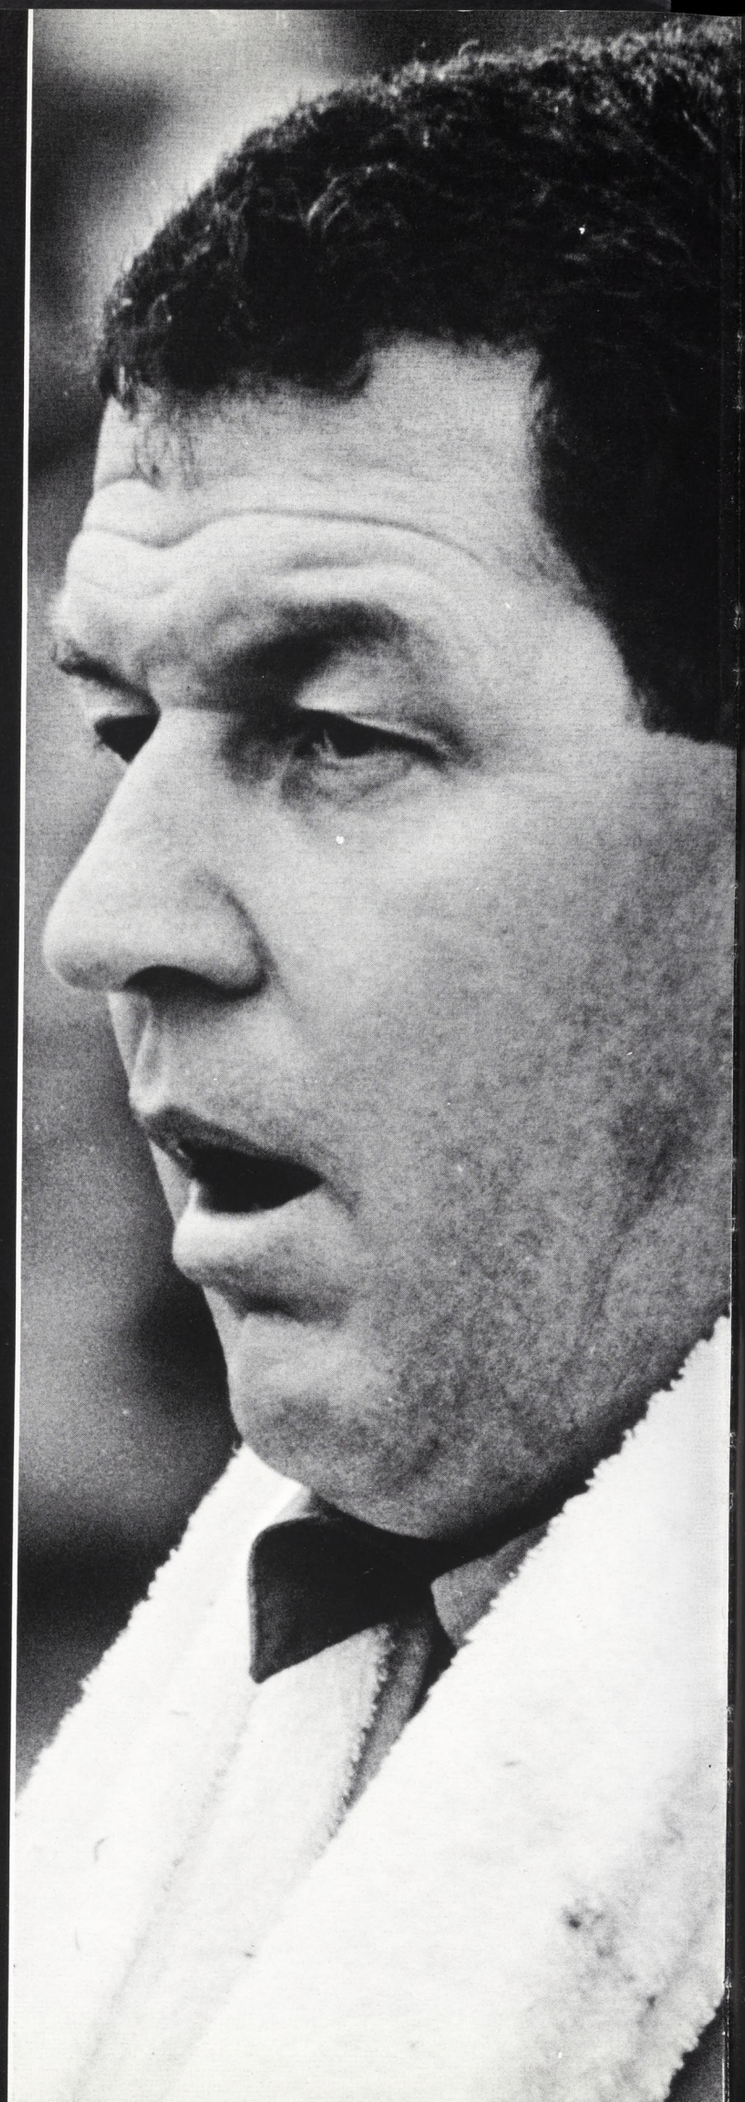
ATHLETICS





Sacramento, California. . .

It was a very good year!

Five championships in the Far Western Conference, plus a Rose Bowl football team, highlighted a successful 1968-1969 athletic campaign at Sacramento State College.

The Hornets climaxed the spring sports competition by sweeping four league crowns, including tennis, golf, track and baseball. The S.S.C. gymnastic team also took conference honors during the winter season.

The overall won-lost varsity sports record compiled by the Hornets was an 89-69-2 mark.

The football team of coach Ray Clemons had the best won-lost percentage among all of the teams representing Sacramento State. Although the grid team finished second in the F.W.C., its 8-2 record was good for a top performance of .800 percent.

The gymnastics team, coached by first year mentor Ron Peak, captured six victories against only two losses for a .750 percentage. The track team, headed by out-going coach Harvey Roloff, went undefeated in league dual meets (8-0) and finished eight and three for the season or a percentage of .727.

Coach Jack Jossi's tennis team wrote a perfect 7-0 conference title record and ended a tough schedule at 13 and six. The netters had the fourth best S.S.C. percentage at .684.

Water polo, which had the least competition with only seven official scheduled games, managed a final .571 percentage in the won-lost column. Coach Joe Glander's team won four and lost three and took fourth place in the F.W.C. championships.

Two other S.S.C. teams completed above .500 seasons. Coach Cal Boyes directed his baseball squad to a 23-20 regular season mark (5.35) and a F.W.C. title. A winning basketball team, coached by Jack Heron, won 13 of 25 contests good for a .520 percentage.

Although the golf team managed a moderate 4-4-1 dual season record, (.444 percent) coach Ev Shelton's swingers won the league crown and will travel to Albuquerque, New Mexico for the N.C.A.A. College championships.

Swimming, wrestling and cross-country were the weakest sports at S.S.C. during the past year on a won-loss basis. Coach Glander's swimmers won three and lost five (.375) and placed fifth in the F.W.C.; the wrestlers of Don Cumley compiled a four-six-one record (.364) and finished sixth in the conference; the cross-country team closed out its schedule with three wins and six losses (.333) and fourth spot in the league.

The 1968-'69 SSC Athletic Record

Sport	*Coach*	*Won*	*Lost*	*Tied*	*Pct.*	*Place in FWC*

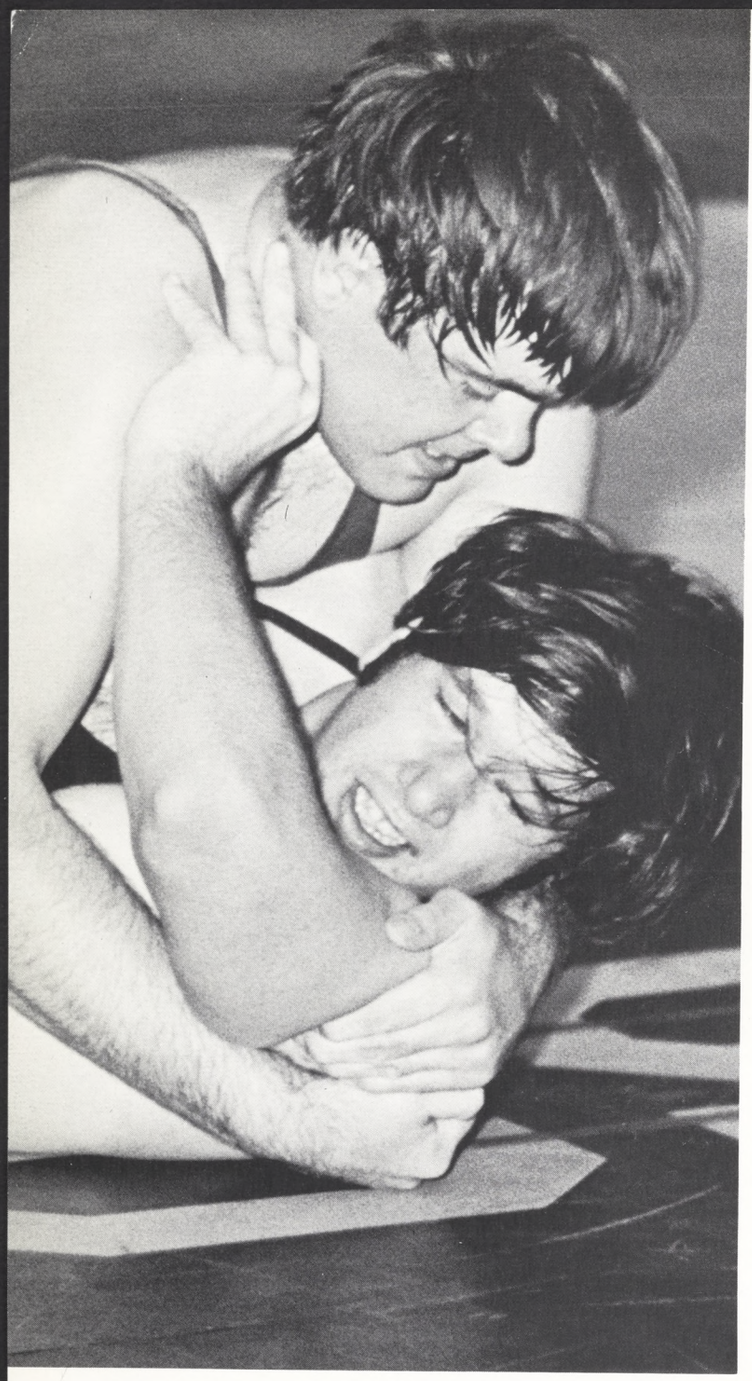
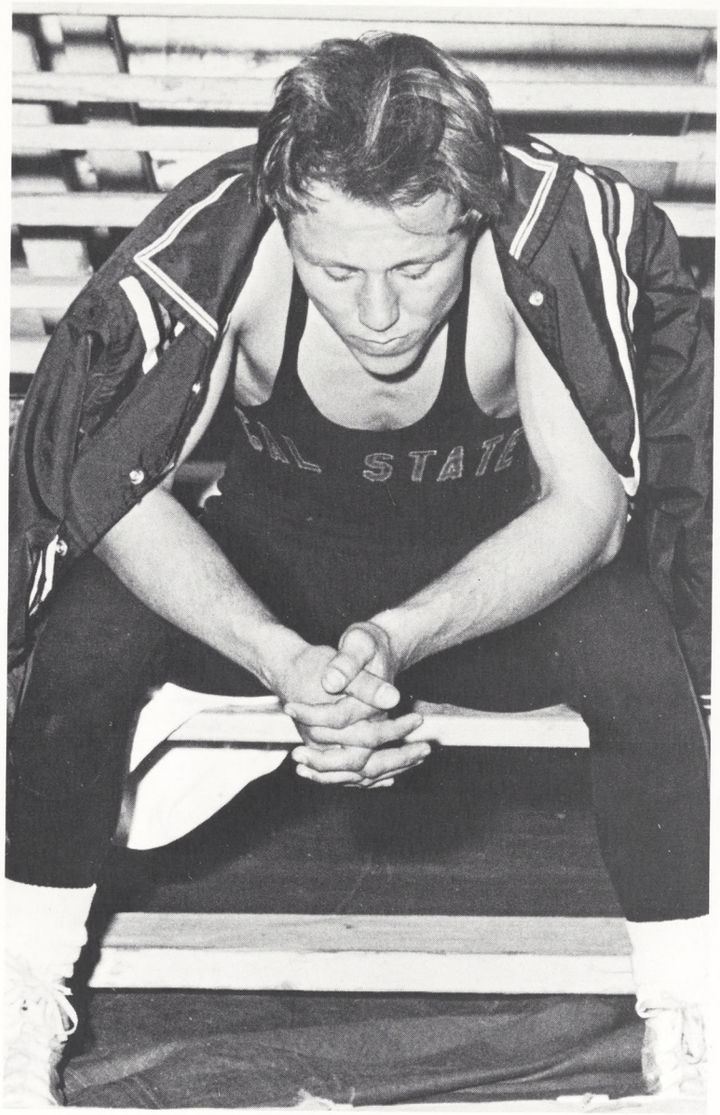
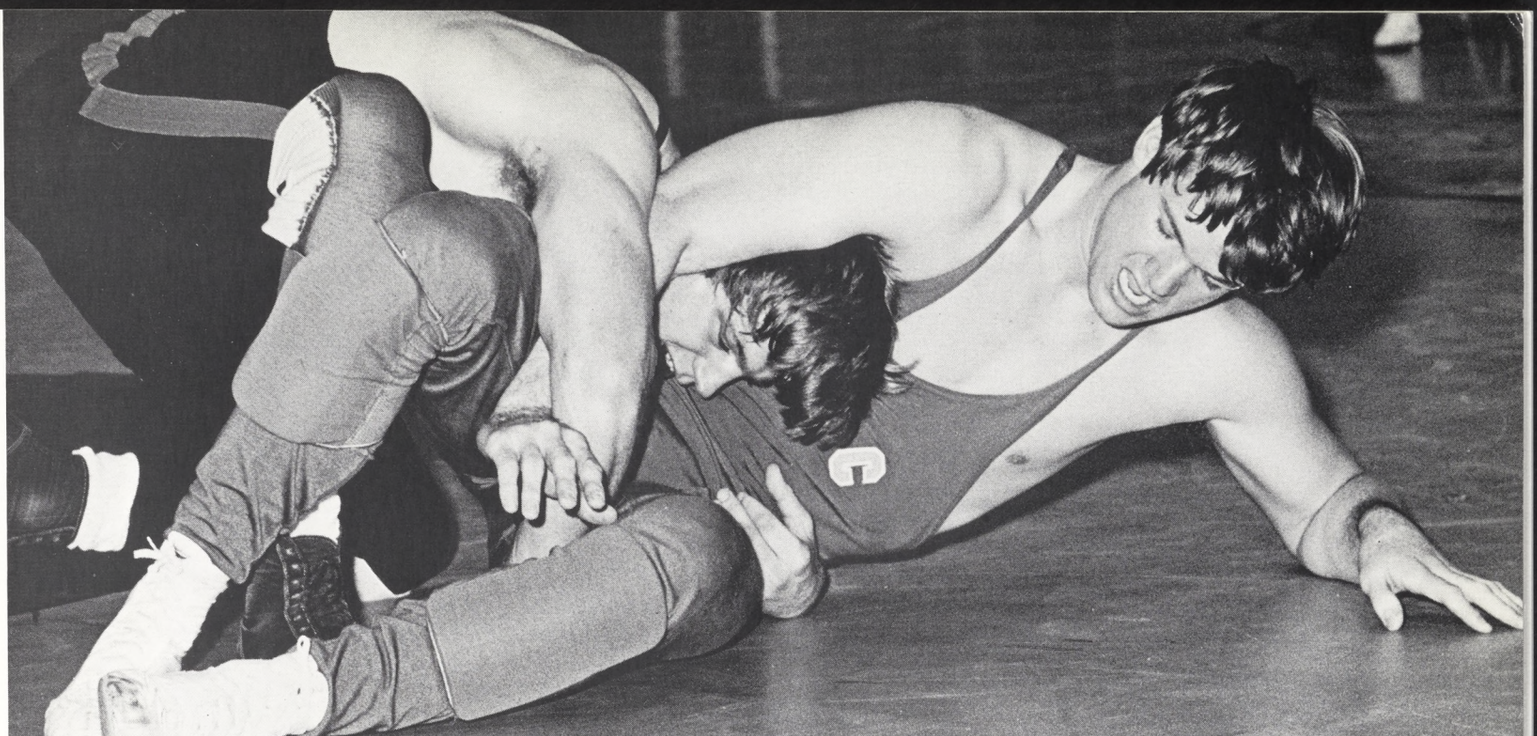
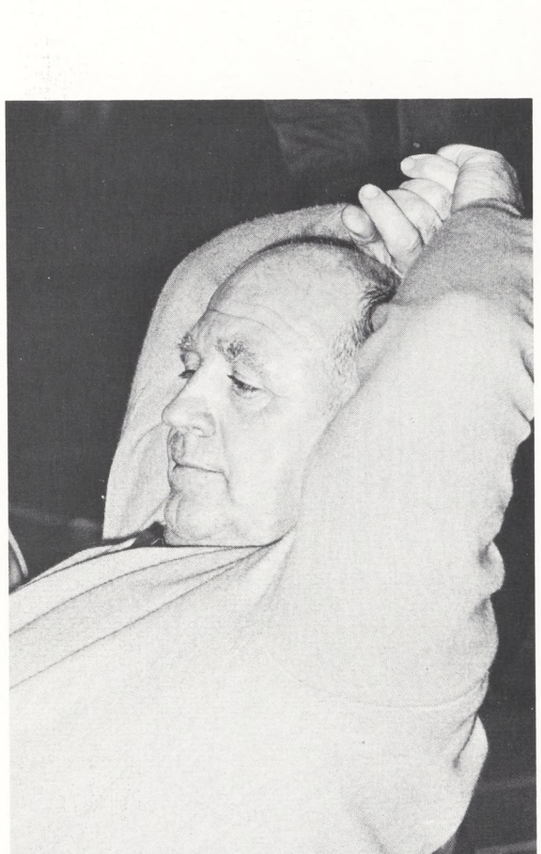
Homecoming '68

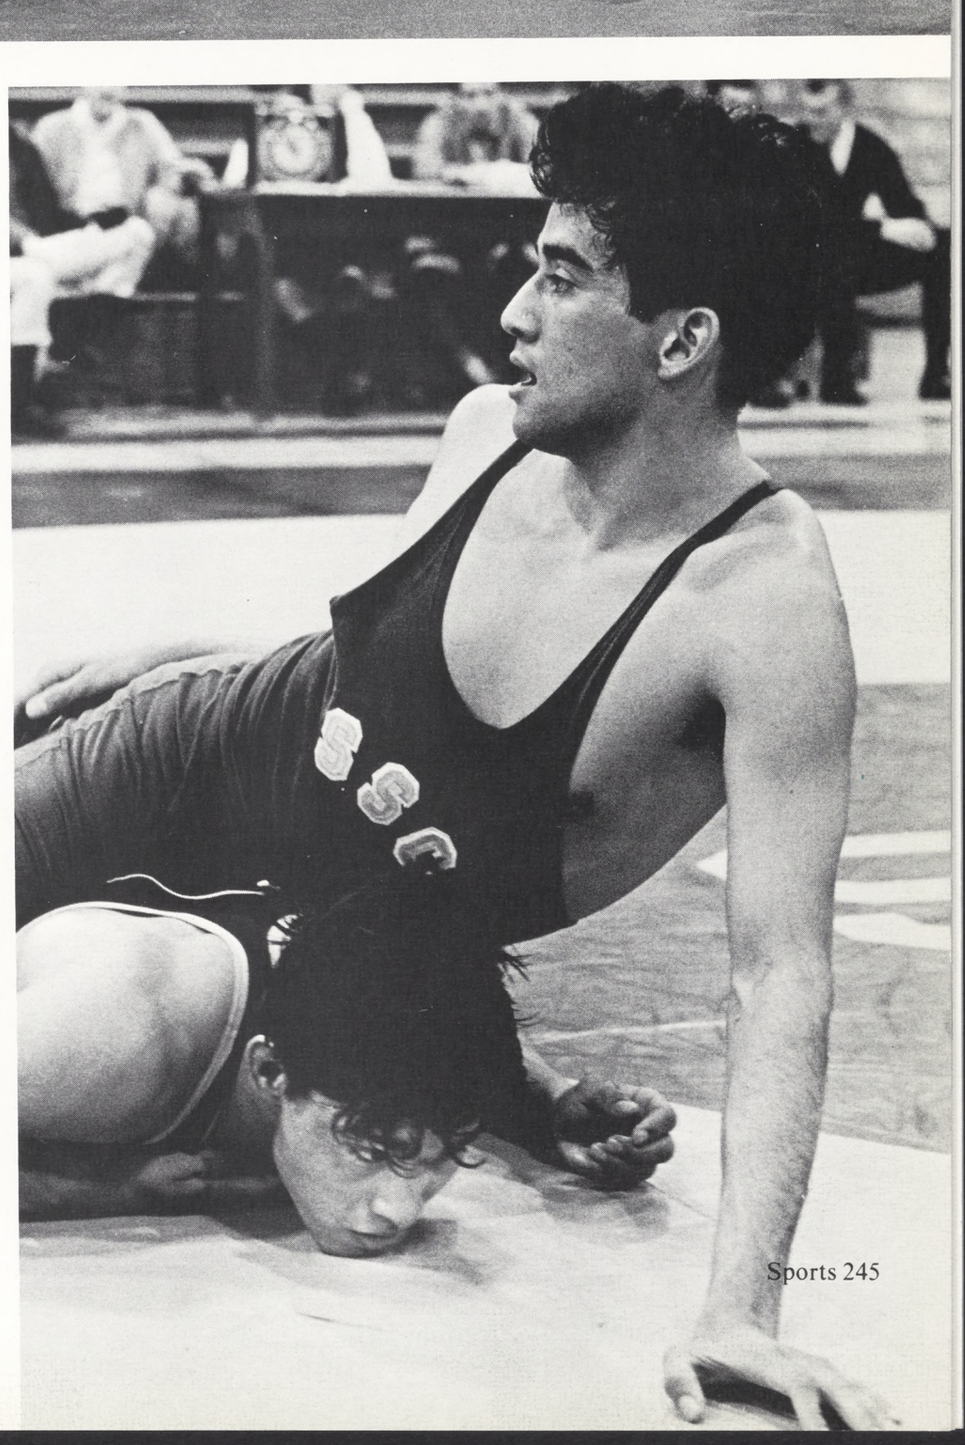
Sacramento 28-Chico 6

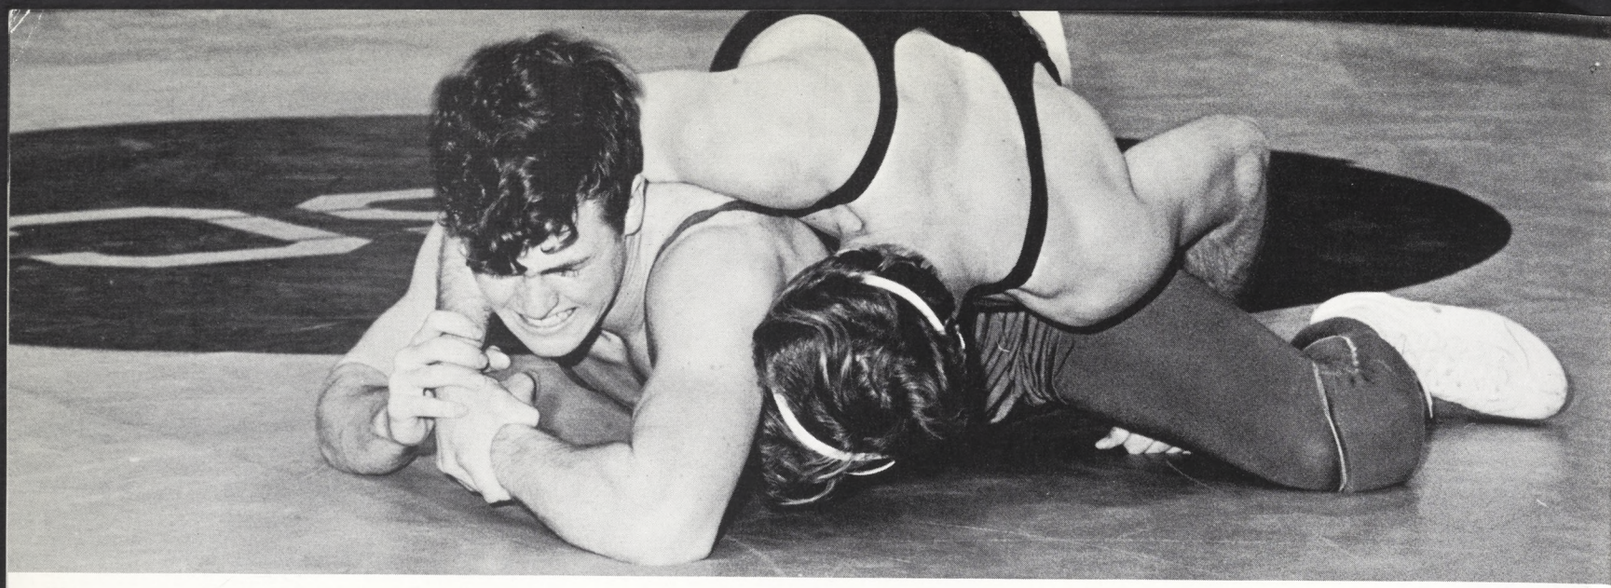


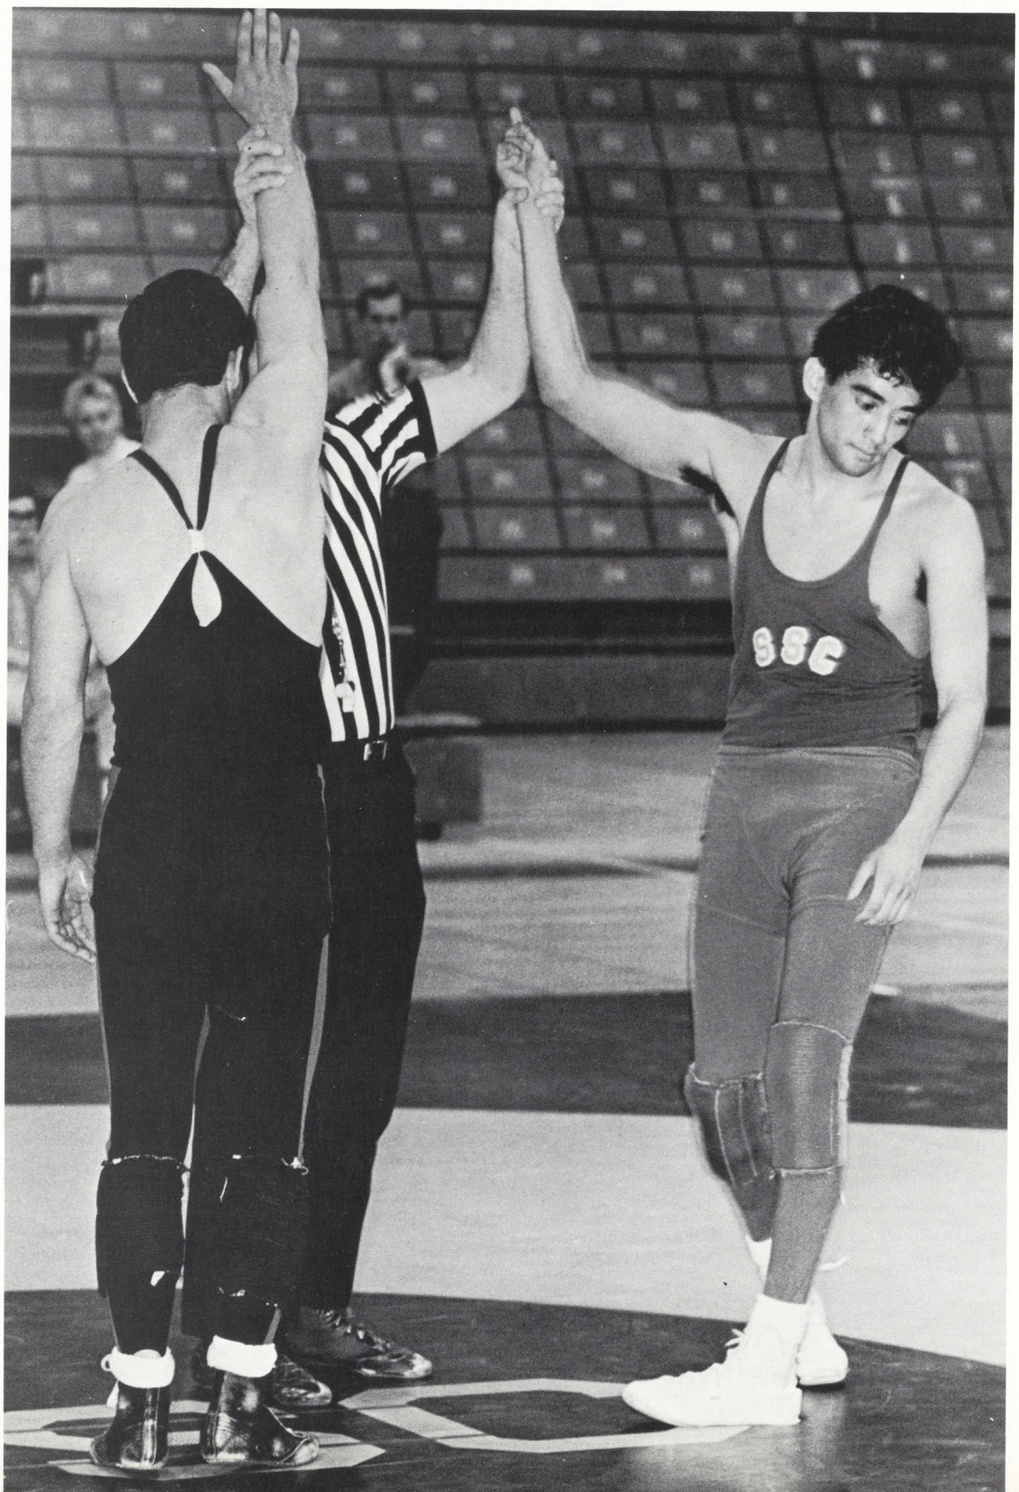




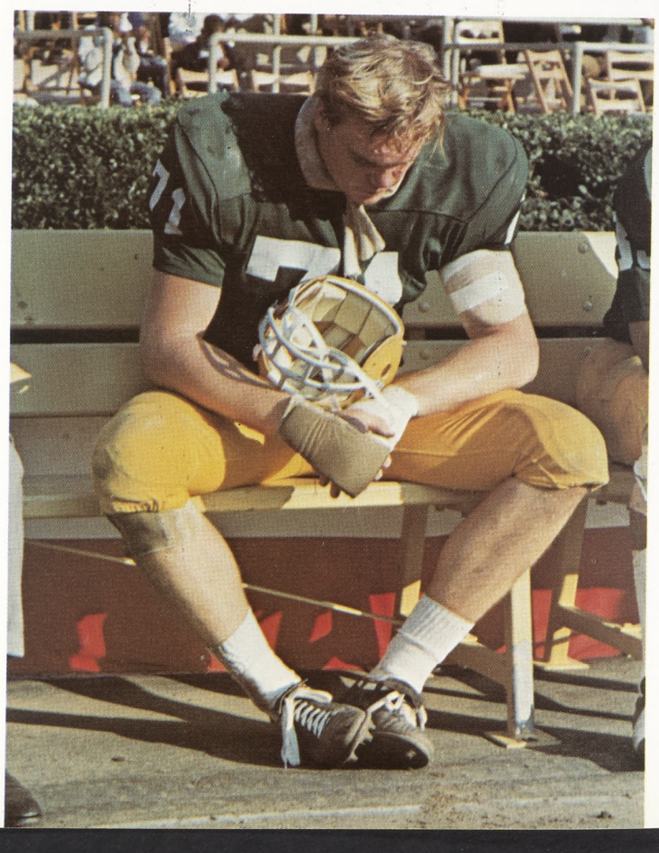








SSC



BULLETIN

The Hornet learned yesterday that Sac State gridders will face Grambling University of Louisiana in the Little Rose Bowl on December 7.

In the space of one week, Sacramento State's football team has advanced from the role as an outside chance to gain a Junior Rose Bowl bid, to just about the only major college division team in California filling the necessary qualifications for playing in that contest. Of the five original schools competing for berths in the Jr. Rose Bowl, only SSC remains in consideration after last weekend's grid activities.

Tuckered Out

JOCK TALK

By Kerry Tucker
Hornet Sports Editor

DATELINE: PASADENA

A dirt parking lot and a dingy looking exterior, but the inside was food for a poet. This was the Rose Bowl. Scenic mountains, white-streaked clouds on a blue background and the color of a football game combine to create daydreams. . . A Hornet Band recreating the game score in the half-time show and the Grambling band boogalooing their way through their pop numbers. The cymbal player and the drum majors putting just a little more into their soul dance-band act, and standing ovations along with an Aretha Franklin number. . . Birds gliding above the paper programs made into airplanes by kids . . . Half-time: no more clear skies and mountain scenery, on go the lights, the smog has arrived. . . Bergstrom to Carter, touchdown, the SSC fans come alive. . . Blond cheerleader in Grambling section with nice legs. . . Scoreboard on north side of field is turned off because of glare from sun. . . Southside scoreboard breaks down, no scoreboard . . . Hot dogs, cokes and doughnuts. . .

Best In The AFL

"Grambling is the best productive team in the AFL". . . "Terrific" . . . Excellent football team". . . "Could probably play in any league" . . . "SSC had to see a team like this to believe it". . . These were reactions of people in the crowd, some from Sacramento but most from L.A. . . The players' thoughts? . . . James: "I wasn't afraid to throw but I just couldn't see over their heads. They're without a doubt everything they were cracked up to be". . . Readdy on why they were breaking through on the outside so successfully: "We were trying to contain them on the inside. The backs would rotate around and then would have to come back out to the outside and just couldn't make it back in time". . . Jordan: "They were tough". . . Correa: "They didn't hit hard but they were so big that we couldn't move them". . . Carter: "They had two men on me the whole game. The defensive halfbacks weren't that tough but they kept me busy by bumping me every few minutes". . . On the line Grambling ballplayers complained of being hit too hard and reminded Hornet gridders that they had to have soul. . . Bergstrom's jersey came ripping off his back with a mighty jerk. . . Down came the goal-posts and down went a cub scout but only for a moment before he was up again. . . "Barnacle Bill's" means cheap beer and live music in Pasadena. . . Westerner Motel, l 10:00 Saturday night, room 95, beer flowing like the gushing oil wells near by. . . Ballplayers letting off steam. . . Westerner Bar: Coaches, ballplayers, administrators, and Hornet editors, alike, indulging in that age-old sport of spirit. . . There a.m. Sunday morning: Gridders chasing girl around motel. . . Sunday morning back to the capitol city and reality. . .

THE BOOK IS FINISHED . . .

. . . And how does one ever begin a "thank you note" that could never end? I guess I'll just have to start and see what happens

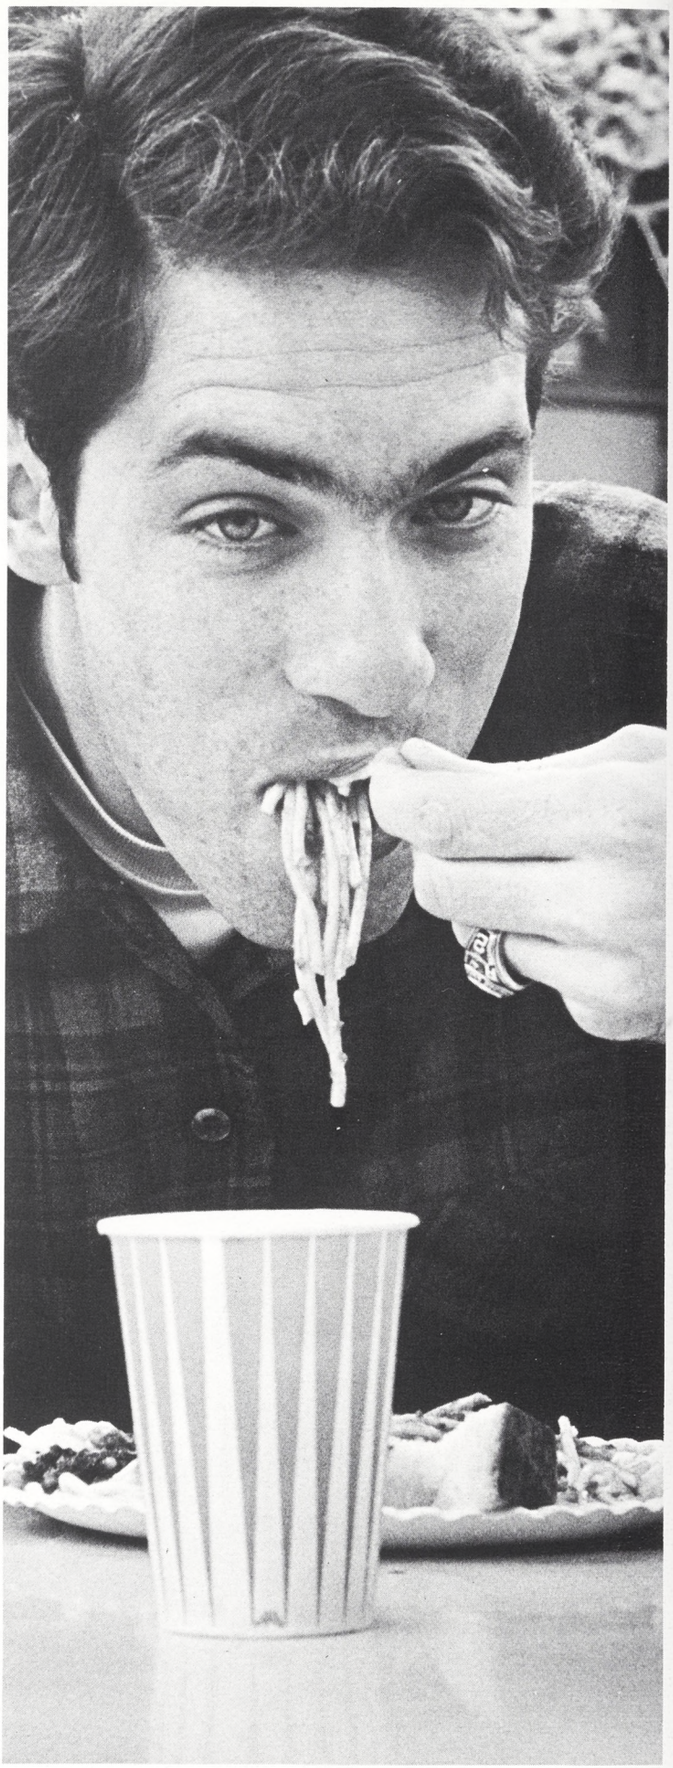
. . . In the course of putting together the largest yearbook in the history of Sacramento State College, as is this one, an editor becomes indebted to a great many people of the year. While all of these are too numerous to acknowledge here, I would like to take this opportunity to express my sincere appreciation to:

. . . All of the patrons whose generosity helped to significantly improve the quality of The Statesman.
. . . All the fraternities and sororities for their cooperation in compiling the best Greek section ever at SSC.
. . . The Sports Information Office and all the coaches for their assistance in preparing the Sports section.
. . . The State Hornet Staff for all their help in publicizing the 1969 Statesman.
. . . All the people in the Student Activities Office here at SSC for their time and help to staff of this year's book.
. . . Mr. Jack Rooney, SSC Registrar, for his help in the sale of the 1969 Statesman at registration.
. . . Mr. John Krier, ASSSC Business Manager and his entire office staff for their great assistance in our financial matters this year.
. . . The Board of Publications and John Brooks for all the time and effort they contributed.
. . . All of the photographers that worked so hard to give us quality never before surpassed.
. . . Mr. Dick Daniels of American Yearbook Publishing Company and to all the people at the plant in Visalia, California—Thanks Much.
. . . Mr. William Dorman, alias "Howie", alias "Willie", our Advisor who worried so much this year. We got it done . . .
. . . Maryellen Jessop of Weinstock's Photo Studio for the great senior pictures this year. She really did much more for the book, but one could not begin to thank her for everything.
. . . Last but not least, my entire staff for the outstanding cooperation, sometimes, they gave this year in putting the book on the presses.

In closing I can only say that it was a very short year for me, one that I'll never forget. Besides getting a new job, graduating and meeting many new faces, I also married my Dorms section editor, Kris who has personally condemned my desire to edit the 1970 Statesman next year. However, since I wear the pants in the family, I will return next year for another try at this business.?

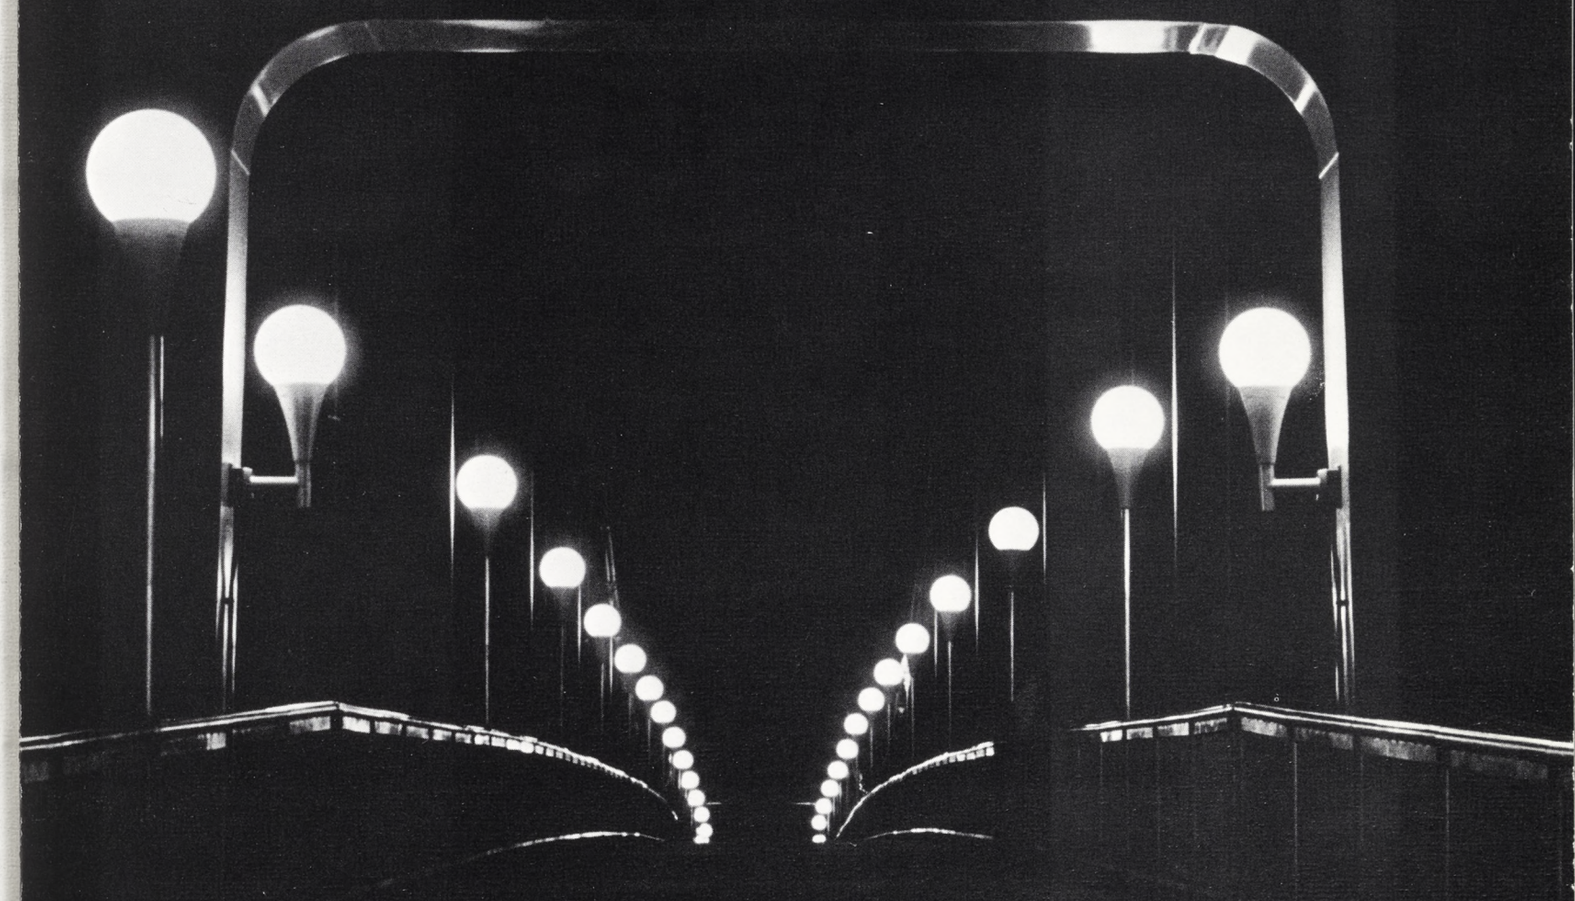
I am also happy to say that Chuck Woodbury will also be back as Marketing Director to do another splendid job next year. SEE YOU ALL NEXT YEAR!

Jack Ford



Jack R. Ford—Editor

EPILOGUE



Soren Keirkegaard said, "He who fights the future has a dangerous enemy. The future is not; it borrows its strength from the man himself, and when it has tricked him out of this, then it appears outside him as the enemy he must meet."

Our time demands a type of man who can restore the lost equilibrium between inner and outer reality. We need the kind of man who can control his own existence because he knows how to balance forces regarded heretofore as irreconcilable.

Out of the gleaming past
With its legends, myths and fables
Emerges man.
His is the heritage of all that has lived.
He is the ancester of all that is yet to come.
He is the future.
Do not regard him lightly--
For that man is you!

Pat Moore
